MINUTES

OF THE

CITY COUNCIL

FOR THE YEAR

1909

Council Chamber, Kingston, Jan. 11th, 1909.

An inaugural meeting of the Council of the Corporation of the City of Kingston, for the year 1909, was held in the Council Chamber at 11 o'clock a.m. to-day.

J. M. Farrell, Police Magistrate, administered the declaration of office to the Mayor-elect, Daniel Couper, who then took his seat and administered the declarations of office to the Aldermen-elect as follows:—

Sydenham Ward—Richard Henry Toye.
Ontario Ward—Timothy John Rigney.
St. Lawrence Ward—John Carson.
Cataraqui Ward—John Tweddell, John McKay.
Frontenac Ward—James Stuart Richardson McCann.
Rideau Ward—William Robert Clugston.
Victoria Ward—Christopher James Graham.

The City Clerk then called the roll, the following members being present:—His Worship Mayor Couper, Ald. Angrove, Carson, Chown, Craig, Clugston, Elliott, Free, Givens, Graham, Hanley, Harty, Hoag, Kent, McCann, McCartney, McKay, Nickle, Rigney, Robertson, Toye, Tweddell.

MAYOR'S INAUGURAL ADDRESS.

Gentlemen of the City Council:

I approach the task of addressing you this morning with a good deal of hesitation. In the first place I am diffident as to my own powers and, in the second, I labor under the knowledge that the work that confronts us this year is very important and very difficult. However, such as it is, I do not shrink from it, but will bring to it all I have of energy and capacity and I ask you to do the same.

At the outset, I bid you all welcome to the horseshoe—old faces and new. I hope the utmost harmony will prevail among the Aldermen themselves and between them and the chair. I am aware of my own deficiencies and ask for your co-operation in helping me to perform with credit to our body my, to me, difficult duties.

The constitution under which we are working and the way in which it is working has been the object recently of a certain amount of criticism which to my mind is uncalled-for and unjust. I am glad to note that the fiasco of the recent public meeting called to protest against our system, that the opposition is confined to very, very few. Personally, I favor the three-year term for Aldermen on the grounds that it is apt to induce better men to contest the seats for the Council Board and that its tendency is to give greater continuity to our Municipal policy. I myself am not of opinion that the great object in Municipal politics is to collect a crowd around the polls or to induce a certain amount of hurrahing on election day. On the contrary I think that our great aim should be to get the best men in the community called to the Council, and it seems to me to be a tribute to the system under which we are working that, in the last two years, so many of these have been elected by acclamation. However, I suppose our present constitution may be regarded as a fixture, until it has been thoroughly tried, which will be at least three years more, so I need no longer dwell on this topic.

The most important problem before the Council of 1909 is that of finance. At the outset we are faced with a deficit of over $10,000, and, in addition, there are several important questions, involving large expenditure, which demand our most thoughtful attention. This being so, I ask you to assist me in carrying out the wish I expressed on nomination day to "cut off all frills" and practice in our administration of civic business the same prudence, care and economy that we use in our private affairs.

To come to details for a few minutes: There is, first, the everlasting question of our streets. From my observation I have come to the conclusion that we have for some years back been squandering annually about $10,000 in this connection with nothing to show for it. The problem of road-making is difficult but very pressing, and I hope the Council of this year will find its solution. Personally I would like to see devised some scheme of permanent roadways that would not press too hardly on the owners whose property would be affected and yet would be equitable so far as the ratepayers less directly benefited are concerned. At the same time we must not neglect those streets on which our humble fellow-citizens have their homes and live their lives. In view of what I have said I hope, in

striking your committees, you will select for the Board of Works the very ablest, keenest, most far-seeing, most unselfish men among you.

The Light Committee is another very important one for 1909, and right here let me say that I take issue very sharply with those who say that our plant has been grossly mismanaged since we have taken it over. Mistakes have been made, but, on the whole, the committees in charge of this department have been capable and attentive and have achieved creditable results. This year this committee will have several important matters on its hands and among the chief of these should be to formulate a plan by which we can attempt to reach a larger number of consumers in the outlying and poorer parts of our City on a basis satisfactory from a revenue point of view. In order to do this, one of the first essentials is that all leaks must be stopped—our motto must be "equal rights to all and special privileges to none." Further, I feel very strongly that better street lighting should be given to some of the, in this respect, neglected parts of our City. The plant should not be run for the consumers alone. The general body of the ratepayers as such should receive their fair share of the benefits of municipal ownership.

In view of recent criticism, I think the Fire Department should receive a thorough overhauling and be put on a systematic business basis. If the equipment is inadequate to our needs it must be supplemented, and if the personnel of the department needs a shaking up it should get it. Fire protection is too serious a question to be trifled with and the interests of the community must stand above everything else.

So far as I know there are no specially live questions before our other committees and, frankly, in the condition of our revenue, we cannot afford to allow them to be introduced. All I can say as to them is to express the hope that they will practice all possible economy and attain the highest amount of efficiency with the means at their disposal.

I regret very much that the by-law to grant a bonus to the Wormwith Piano Company was unsuccessful on Monday last through the failure to secure for it the majority technically required. I am glad to know, however, that the by-law is to be brought before you again for re-submission to the people and I hope that this time the efforts on behalf of this very deserving industry will be crowned by success.

In conclusion, I wish to express this one further thought: We have not many industries here, though I am glad to know that those we have are active and prosperous, and we are generally looked upon as being a not very lively community. But, while perhaps not as noisy and boastful as some of our sister cities, I think we, in our

quiet slow-going way, enjoy a solid, permanent prosperity such as few, if any of them, attain to. Our bad reputation as a city is chiefly the fault of our own citizens who are too ready to allow others to speak of Kingston, and even to speak of her themselves, as a "sleepy, dead old place." From my place here as your Chief Magistrate I wish to address my fellow citizens beyond the confines of this chamber, and to say to them, "Don't knock": Boom your city and stand up for her wherever you go. She has a history in both men and events such as no other place in this Province can boast and she has a present, educationally, industrially, commercially and socially, of which we have no cause to be ashamed. Her reputation is what we ourselves make it and on each one of us it lies to spread her fame and her good name far and wide wherever our paths may carry us."

Moved by Ald. Hoag, seconded by Ald. Elliott, (1) that the inaugural address of His Worship the Mayor be referred to the different standing committees for their consideration.—Carried.

A By-law to ratify and confirm an agreemnt with Wormwith & Company and to authorize the issue of debentures of this Corporation to the amount of $10.000.

WHEREAS the Corporation of the City of Kingston and Wormwith & Company have entered into the agreement set forth in Schedule "A" hereto annexed:

AND WHEREAS the Piano Factory of the said Wormwith & Company is a manufacturing industry within the meaning of the Municipal Act:

AND WHEREAS it is expedient to pass this By-law and to submit the same to the Electors of this Municipality to authorize the issue of debentures of this Corporation to the amount of $10,000 for the purpose of granting aid by way of bonus for the promotion of manufactures within said Municipality, to wit, to aid in the reconstruction and restoration of the Piano Factory of the said Wormwith & Company and as more particularly set forth in agreement forming schedule "A" hereto:

AND WHEREAS the amount of the debt to be created by this By-law is $10,000.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $1,264.00:

AND WHEREAS the amount of the whole rateable property of the said Municipality, being for the year 1909 is $8,600,450.

AND WHEREAS the amount of the existing debenture debt of the said municipality is $1,090,966.01 and no part of the same or of the interest thereon is in arrear:

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The agreement hereto annexed and forming schedule "A" to this By-law is hereby ratified and confirmed and shall be deemed to be a part of this By-law:

2. It shall be lawful for the Mayor of the said Municipality for the purpose

aforesaid to raise by way of loan upon the credit of the debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of said debentures, a sum of money not exceeding in the whole the said sum of $10,000 and to cause the same to be paid into the hands of the Treasurer of said Municipality for the purpose aforesaid.

3. It shall be lawful for the Mayor of the said City, for the purpose of said loan, to cause any number of debentures to be made for such sums of money as may be required, and which said debentures shall be sealed with the seal of the said Municipality, and signed by the Mayor and countersigned by the Treasurer thereof, and together shall not exceed the said sum of $10,000.

4. The said debt of $10,000 shall be payable in annual instalments within ten years from the first day of January, 1909, at the office of the said City Treasurer in said City, and the said debentures shall have attached to them coupons for the payment of the interest thereon half yearly as hereinafter provided (which coupons shall be signed by the said Mayor), and the said instalments shall be of such amounts, that the amount falling due in each year of the said period of ten years shall not, together with the interest payable in that year exceed the said sum of $1.264 and so that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of said period, and the said debentures shall be issued accordingly.

5. The said debentures shall be dated on the first day of January, 1909, and shall bear interest at the rate of four and one half per cent. per annum from the date thereof, which interest shall be payable half-yearly, on the second day of January and July, in each year, at the office of the said City Treasurer in the City of Kingston.

6. For the payment of the said debt and the interest to become due thereon, an annual sum of $1,264 shall be raised in each year of the said period of ten years by a special rate sufficient therefor to be raised, levied and collected in each year of the said period of ten years upon all the rateable property in the said Municipality.

7. This By-law shall come in force and take effect on its passing.

8. The votes of the duly qualified electors of the said Municipality shall be taken upon this By-law at the following places by the following Deputy Returning Officers on the 4th day of February, 1909, between the hours of nine o'clock in the morning and five o'clock in the afternoon, namely:

WHEREAS the factory of the said Contractors was on the 5th day of December, 1908, destroyed and damaged by fire:

AND WHEREAS by said damage and destruction the manufacturing business of the said contractors was stopped and a large number of employees, residents of said City, were thrown out of employment:

AND WHEREAS in order to resume the said business of the Contractors it will be necessary to expend a large sum of money in rebuilding and restoring the said Factory:

AND WHEREAS the Contractors have made application to the Corporation for a bonus of $10,000 to assist them in rebuilding and restoring their said factory:

AND WHEREAS it is expedient to grant the said application of the Contractors but subject to the terms, conditions and provisos herein contained:

NOW THIS INDENTURE WITNESSETH that the said parties hereto hereby covenant, promise and agree each with the other of them as follows:

1. The Contractors shall rebuild and restore their factory on the corner of Princess and Ontario Streets, in a good and workmanlike manner and substantially as it was before the said fire, the work of rebuilding and restoration to be begun forthwith after the final passing of this By-law and the factory to be fully completed and in operation on or before 1st October, 1909.

2. The plans and specifications for the rebuilding and restoration of the said factory and the contracts (if any) let in respect of same shall be submitted to and approved by the City Engineer of the Corporation before the work of rebuilding and restoring the said factory shall be commenced and compliance with this provision shall be a condition precedent to the payment of said bonus.

3. The Contractors shall thereafter operate the said factory and carry on the business of manufacturing pianos as heretofore carried on but subject as hereinafter mentioned for the period of ten years to be computed from the first day of October, 1909, and so that in each year during the said period of ten years at least $40,000 shall be disbursed as wages to workmen employed in and about the said factory exclusive of the salaries paid to the said Contractors or any person or persons that shall be admitted to the said firm as partners either in addition or in succession to the said parties of the first part or either of them.

4. If after the payment of the said bonus as hereinafter mentioned the said factory shall be damaged or destroyed by fire or other accident within the said period of ten years the Contractors shall within one year thereafter rebuild and restore the said factory in substantially the same condition and manner as before the fire, and resume the operation of the said factory and the manufacturing of pianos as herein provided and the provisions of this agreement as to the approval of the plans and specifications by the City Engineer of the Corporation upon the restoration now covenanted to be made shall apply to such rebuilding and restoration after any such subsequent fire or other accident.

5. The Contractors shall, during the progress of the said work of rebuilding and restoration, effect a temporary insurance upon the said building in the nature of a workman's risk in favor of the Corporation for an amount equal to the moneys advanced and paid by the Corporation hereunder from time to time, and shall, after completion and during the said period of ten years, insure the said factory to an amount not less than the insurable interest of the Corporation in said factory as herein defined in a Company or Companies to be approved by the Corporation and shall assign the policy or policies of insurance to the Corporation and the Corporation shall, in respect of the payment of the said bonus for the reconstruction and restoration of

the said factory, be deemed to have an insurable interest in the said factory to an amount as herein defined, and in case the Contractors neglect to insure and keep insured the said factory as herein provided, then the Corporation may insure the same to the amount of their insurable interest therein as herein defined, and pay the premiums in respect of said insurance and recover the amount of the premiums so paid from the Contractors.

6. The value of the insurable interest of the Corporation in said factory for the purposes of this agreement at any time shall be deemed to be an amount equal to $1,000 multiplied by the number of years and the fractional part of the year which shall, at such time, be unexpired of the said period of ten years.

7. The Corporation shall, by its Council, as soon as may be, procure to be submitted to the electors of the Municipality of the City of Kingston, under the provisions of the Municipal Act in that behalf, a By-law authorizing the issue of the debentures of the Corporation to raise the said sum of $10,000.

8. In case the said By-law upon such submission receives the assent of the said Electors as by law required the Corporation shall by its Council pass the said By-law and shall pay the said bonus of $10,000 in the manner following:

(*a*) The City Engineer of the Corporation shall from time to time during the progress of the said work of reconstruction and restoration certify in writing (to be deposited with the City Treasurer of the Corporation) the value of the work done from time to time and the Corporation shall pay fifty per cent. of the value of the work so certified, but all sums so paid during the progress of the work shall not in all exceed the sum of $5,000.

(*b*) The balance of the said bonus of $10,000, to wit, the sum of $5,000, shall be paid upon the City Engineer of the Corporation certifying that the work of reconstruction and restoration has been completed in terms of this agreement and in conformity with the plans and specifications and contracts (if any) so approved by him: and the City Engineer shall at all reasonable times be permitted to enter upon the premises of the Contractors for the purpose of observing the progress of said work and of estimating and appraising the value of the work done.

9. The whole of the said sum of $10,000 shall be expended solely and exclusively in the reconstruction and restoration of the factory building so destroyed and damaged by fire, and not otherwise, and the final certificate of the City Engineer to be given under the foregoing paragraph shall so certify; otherwise the final balance of the said bonus shall not be payable and all payments made to the Contractors on account of said bonus may be recovered from them by the Corporation.

9 (*a*) The Factory and premises of the Contractors shall be exempt from taxation (except as to school taxes and rates) during the said period of ten years, or such portion of said period as the contractors shall well and truly observe and perform the stipulations, provisos and conditions herein on their part contained and the said exemption shall extend and apply to the business assessment in respect of the said factory and premises as well as to the realty assessment.

10. The Contractors shall not sell or otherwise dispose of said factory and premises at any time during the said period of ten years except to a person or persons or company to be approved by the Corporation and upon such person, persons or company so purchasing entering into an agreement with the Corporation binding such person or persons or company to assume for the portion of the said term of ten years which shall be then unexpired the obligations herein assumed by the Contractors and the event of subsequent fire as hereunder for the Contractors: Provided that the Contractors may mortgage the said factory and premises for money loaned or to be loaned, and such mortgage may contain the usual covenants and the usual power of sale on default of payment of the mortgage moneys.

11. In case the Contractors shall fail to operate the said factory and carry on the business of manufacturing pianos as herein agreed for a period of six months (except for any period during which the reconstruction or restoration of said factory may be in progress in the event of a subsequent fire as herein provided) then there shall be forthwith payable by the Contractors to the Corporation a sum of money equal to $1,000 multiplied by a number of years and fraction of a year which shall at the commencement of such cesser to operate be unexpired of the said period of ten years, and all the rights hereby granted to the Contractors shall thereupon be determined and the Contractors shall in each year during said period of ten years furnish to the City Clerk of the Corporation a statement verified by a statutory declaration of one of the said Contractors, showing the amount disbursed by the Contractors for wages in each such year as herein provided and the City Auditor of the Corporation shall have access from time to time to the books of account of the Contractors to verify the statement.

12. In case the said By-law shall not on such submission receive the assent of the Electors as required by the Municipal Act, then this agreement and said By-law shall be null and void and of none effect.

13. This indenture and the several terms of the same shall respectively be binding upon the heirs, executors, administrators and assigns of the Contractors and upon the successors and assigns of the Corporation in all respects as if expressly named herein.

IN WITNESS WHEREOF the Contractors have hereunto set their hands and seals, and the Mayor of the Corporation has hereto set his hand and caused to be affixed the seal of the Corporation the day and year first above mentioned.

BY-LAW No. 8, 1909.

A By-law to authorize the Head and Treasurer of the Corporation of the City of Kingston to borrow certain sums to meet the now current expenditure.

Passed January 18th, 1909.

WHEREAS, in order to meet the now current expenditure of the Corporation and such further sums as may be required for Public School purposes, it is necessary to borrow money in anticipation until such time as the taxes to be levied therefor can be collected, and whereas it is necessary under clause 435 of the Consolidated Municipal Act, 1903, to pass a By-law authorizing such to be done.

AND WHEREAS the sum of ninety thousand dollars is required to meet the now current expenses of the said Corporation and to pay the moneys required for Public School purposes, and such sum does not exceed ninety per cent. of the estimated ordinary expenditure for the preceding year, and it is expedient to authorize the Head and Treasurer to borrow the said sum.

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston as follows:

1. That the Head and Treasurer of the said Corporation be, and they are, hereby authorized under the seal of the Corporation to borrow from the Bank of British North America, the sum of ninety thousand dollars, required to meet the now current expenditure of said Corporation and to pay the moneys required for Public School purposes.

2. That the said Head, with the Treasurer aforesaid, be, and they are hereby authorized to pay or allow the said Bank interest on the said sum so borrowed at the rate of five per cent. per annum.

3. That a promissory note, or notes, covenant or agreement, sealed with the Corporation seal and signed on behalf of the Corporation by the Mayor and Treasurer, be duly executed and given to the said Bank as aforesaid as security for the repayment of the amount borrowed with interest thereon as aforesaid.

4. This By-law shall come in force and take effect on its passing.

MEMORANDUM OF AGREEMENT made between the Council of the County of Lennox and Addington and the Council of the City of Kingston respecting the care of the poor of the County of Lennox and Addington in the city's refuge:

1. The House of Industry, in the City of Kingston, shall be a refuge of the County of Lennox and Addington for the care, maintenance and protection of its poor.

2. Any applicant from said County for admission shall produce to the Superintendent a written order signed by the Reeve or Clerk of the Township in said County from which the applicant comes and the Superintendent shall accept the said order in lieu of a ticket of admission and shall provisionally admit the applicant

to the Refuge pending the examination of the applicant for which this agreement provides.

3. That each indigent person coming from the County of Lennox and Addington shall forthwith after being provisionally admitted, be examined medically by the physician selected for this purpose by the County Council and shall issue a certificate to the Superintendent, and such certificate shall be to the effect that the person examined by him is free from contagious or infectious disease, that he is not physically capable of caring for himself, and does not require nursing attendance, otherwise such applicant shall not be permanently admitted and shall be removed from the Refuge.

4. The applicant being in health, and medically acceptable shall be given accommodation in the Refuge (if its limit has not been reached), and for his care and maintenance the County of Lennox and Addington shall pay the Directors of the House of Industry the sum of $1.50 per week, the Council, through its Treasurer, paying the accounts quarterly.

5. Should any of the poor of the County of Lennox and Addington require clothing while inmates of the House of Industry a requisition shall be sent for the same to the County Council, or to its representative, and when consent has been given the clothing shall be ordered and the account sent to the Treasurer of the County of Lennox and Addington, and it shall be paid upon its presentation.

6. Should any of the poor from the County of Lennox and Addington become ill while in the House of Refuge the Superintendent of the institution shall communicate with a medical attendant named by the Council of the said County, and if the illness be of a serious nature the inmate shall be removed to the General Hospital in accordance with the instructions passed by the Council of the said County of Lennox and Addington.

7. Should any of the poor of the County of Lennox and Addington die while in the Refuge notice shall be sent to the Treasurer of the County, or to any relatives whose addresses may be sent to the House of Refuge, and the bodies (if permitted by law) be removed by friends or relatives.

8. Should anyone from the County of Lennox and Addington become insane while in the Refuge, the municipality from which he came shall be notified and required to take steps to have him removed to the asylum.

9. The Directors of the House of Industry agree on their part, to give to the poor of the County of Lennox and Addington a com-

fortable home, and such diet and care as under the circumstances can be reasonably expected.

10. This agreement shall become effective when it has been signed by the Warden and County Clerk of the County of Lennox and Addington, and by the Mayor and City Clerk of the City of Kingston, and continue in force, provided the party desiring to terminate it gives the other party six months' notice in writing of the said termination.

IN WITNESS WHEREOF the said parties have respectively set their hands and the several seals of the said Counties.

Dated this 16th day of December, 1908.

Signed, in presence of

A. E. ROSS, M.D., Mayor,

His Worship explained that he had called the special meeting in accordance with resolution of Council last meeting to receive report of the Committee on Finance and Accounts and Board of Works re Canadian Locomotive Company's communication and the communication from the City Engineer and City Solicitor re "Subway."

Ald. Elloitt presented report No. 8 from the Committees on Finance and Accounts and the Board of Works as follows:

Committee Room Kingston, Feb. 2, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Board of Works begs leave to report and recommend as follows:

1. On the communication of the Canadain Locomotive Company, that this Committee recommends the passing of a By-law and the taking of all necessary steps to vest in the Company in fee simple all that part of Earl street and land covered by water lying east of Ontario street, 566 feet more or less to a point in line with the easterly limit of the present wharf line of the Company and within the prolongation easterly of the north and south limits of Earl street, that the City Solicitor be requested to take the necessary legal steps, the Canadian Locomotive Company to pay all costs of procuring the necessary legislation, and that the Canadian Locomotive Company pay to the Corporation of the City of Kingston $3,500 to go towards the cost of the necessary diversion of the Earl street sewer, and that the work be completed by June, 1910.

2. On the communication of the City Solicitor and on the report of the City Engineer regarding the Montreal street subway, that the City Solicitor be instructed to correspond with the Secretary of the Railway Commission pointing out the probability of changes in the Grand Trunk Railway main line in the vicinity of Kingston, and the large amounts spent in improvements on their main line between Kingston and Toronto, since the Order-in-Council was made, and advising that the matter is being taken up with the Grand Trunk Railway Company, and further asking that the Order be held over in the meantime until it is definitely decided that a diversion of the railway will or will not be made, and sug-

gesting that in the meantime it would be advisable to have a night-watchman put on the Montreal street crossing.

Respectfully submitted,

(Signed) D. COUPER, *Mayor and Chairman.*

F. J. HOAG,

Moved by Ald. Elliott, seconded by Ald. Graham, (1) that the report of the Committee on Finance and Accounts and Board of Works re Canadian Locomotive Company's communication and G.T.R. subway be received and adopted.—Carried.

Ald. Elliott presented By-law No. 11. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Kent in the chair, and was signed and sealed as follows:

BY-LAW NO. 11, 1909.

A By-law to close up and authorize the sale and conveyance of a part of Earl street and the land covered with water at the foot of Earl street in the City of Kingston.

Passed February 5th, 1909.

WHEREAS, the Corporation of the City of Kingston by By-law dated the 14th November, 1881, and legalized, confirmed and declared valid by an Act of the Legislative Assembly of the Province passed the 10th day of March, 1882, and being Chapter 37 of 45 Victoria, did close up that part of Earl street in the City of Kingston lying east of Ontario street and west of the Grand Trunk branch railway track and lease the same to the Canadian Locomotive and Engine Company, Limited, their successors and assigns for the term of ninety-nine years as therein provided::

AND WHEREAS the Canadian Locomotive Company, Limited, are the assignees of said term and successors in business of the aforesaid Company;

AND WHEREAS the said lessees and their successors and assigns have been in continuous possession of the said parcel of land

since said date and are now the sole owners of all the land adjoining on each side of the part of said street closed and leased as aforesaid;

And Whereas, the land and land covered with water lying east of the said part of said street so closed and leased and being the land and land covered with water comprised within the prolongation of said Earl street into the harbor of the City of Kingston, are owned by the City of Kingston;

And Whereas the said The Canadian Locomotive Company, Limited, are desirous of erecting an expensive permanent building on said lands being all the land and land covered with water lying east of the east limit of Ontario street and comprised within the prolongation of Earl street easterly into the harbor of the City of Kingston for a distance of five hundred and sixty-six feet and have petitioned this Corporation for the permanent closing of the same as a street and the conveyance thereof to them in fee simple in consideration of the payment of $3,500.

And Whereas it is deemed to be in the general interest of the City to grant the prayer of said petition and to ask the Legislature of Ontario by an Act to confirm this By-law and declare the same valid.

Therefore be it Enacted by the Corporation of the City of Kingston:

1. That the part of Earl street and the land and land covered with water in the City of Kingston lying east of the east limit of Ontario street and comprised within the prolongation of Earl street easterly for a distance of five hundred and sixty-six feet are hereby closed up and divested, freed and exonerated from the public uses and purposes with which the same are now charged or subject as part of a public street or otherwise, and the said lands are hereby vested in the Corporation of the City of Kingston as its property for the purposes of this By-law.

2. That upon its confirmation by the Legislature of Ontario this By-law shall take effect and thereupon the said part of Earl street lying east of the east limit of Ontario street and the land and land covered with water and comprised within the prolongation of Earl street easterly from the east limit of Ontario street for a distance of five hundred and sixty-six feet shall be granted to and vested in the Canadian Locomotive Company, Limited, their successors and assigns, in fee simple.

3. That the Corporation of the City of Kingston shall on or before the first day of July, 1910, discontinue, close up and divert

the City drain at present running from Ontario street in the said lands herein agreed to be sold and granted to the said Company as aforesaid who after said date shall hold and enjoy said parcel of land freed and discharged from any easement in respect of said drain.

Water Works.

Ald. Hoag presented report No. 11 from the Committee on Water Works as follows:—

Kingston, February 8th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Water Works begs leave to report and recommend as follows:

1. The Superintendent having reported that the fire supply water at the Davis Tannery was being used for general purposes, we recommend that an adjustment of the cost of water used up to the 1st instant be fixed by the Superintendent, and that a water meter be placed on the supply pipe where it enters the building—the tannery to pay its proportion of the cost of installing said meter.

2. That the salary of Superintendent Hewitt be increased to $1,400 per annum from Jan. 1st, 1909, conditional that this advance in salary shall not in any way interfere with the agreement of Dec. 3rd, 1906, between Mr. Hewitt and the City regarding the plans of the City water mains and water services, and also that a complete set of said plans be delivered forthwith to the City and deposited in the City Engineer's vault, a copy of same to be prepared as soon as convenient for Superintendent

Hewitt's use; the original and copy to be amended from time to time as soon as any changes take place.

3. That the salary of E. J. Taylor, night engineer, be increased to $750 per annum, from January 1st, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Light, Heat and Power begs leave to report and recommend as follows:

(1) That a telegram be forwarded to the Eugene Phillips Electric Works, and the Wire and Cable Co., offering 16c. per pound for number 8, and 17c. per pound for number 10, F.O.B., Montreal. The lowest quotation to be accepted.

(2) That the Chairman be authorized to purchase hard coal screenings at a price not exceeding $1.75 per ton delivered in our yard on Barrack street, subject to the approval of the Manager of the plant.

(3) That the matter of purchasing a desk and cabinet for the office of the Works be left to the Chairman and Manager with power to act.

(4) Report re the gas tank:

Kingston, February 9th, 1909.

Your Committee have had under consideration the condition of the gas tank and holder constructed under the supervision of Mr. John M. Campbell and the questions arising out of their defective construction, and after a conference with the City Solicitor as a preliminary step to measures looking to a final remedy, and on the advice of the City Solicitor beg leave to recommend as follows:—

1. That Mr. Campbell be notified that the gas tank and holder, after being in use since last autumn, have been found to be

defective and unsatisfactory in respect of the particulars as to which he has already been advised, and this notwithstanding the attempts made by Mr. Campbell last summer to amend them.

2. That in order to inform Mr. Campbell fully as to the position of affairs, he be furnished with a copy of the report upon the tank and holder made to this Council by Mr. Mackay.

3. That in view of the defects in said tank and holder as disclosed by said report, Mr. Campbell be requested to inform this Council not later than 1st March next what steps he proposes to take to remove these defects, and to make good his undertaking to furnish this Corporation with a water tight and satisfactory tank and holder.

4. That Mr. Campbell be further informed that after 1st March next, failing action on his part in the premises satisfactory to this Council, this Council propose to make such repairs, alterations and reconstructions in and about said gas tank and holder as they may be advised by some competent person or persons and as will remove or cure the existing defects and give this Corporation such a gas tank and holder as will properly serve the purposes of this Corporation and will be of such character and kind as were contemplated by this Corporation when they entrusted him with the duty of designing the said tank and superintending the construction of said tank and holder.

5. That Mr. Campbell be further notified that in any eventuality this Corporation reserves all its rights and remedies against him in respect of all loss, damage and costs suffered and incurred by this Corporation by reason of the defects in said tank and holder and by reason of Mr. Campbell's want of skill, care and diligence in designing the said tank and superintending the construction of said tank and holder while engaged by this Corporation in and about the same.

6. That notification of the matters herein contained be given to Mr. Campbell by forwarding him a copy of the report of your Committee as adopted by Council.

(5) That action be taken in accordance with the advice of the City Solicitor re gas tank.

(6) That in future the tenders for supplies for the Light Department be addressed to the Chairman of the above department.

(30) Barrack street, from the west side of Ontario street to the east side of Bagot street.

(31) Rideau street, from the north side of Barrack street to the north side of Raglan road.

2. That a special rate of 2½ cts. per ft. frontage be imposed and the same is hereby imposed for the year 1909, upon all the assessable real property within the said several areas in the preceding section defined according to the frontage thereof in order to pay the expenses of watering the said streets therein during the said year, and which rates shall be in addition to all other rates for which said real property is, or shall be liable, provided always that a sum equal to the said rate upon the frontage of all properties within said several areas, exempt by law from the said rate shall be borne and paid by the said Corporation of the City of Kingston out of the general funds of the Municipality: and provided also that the cost of watering any of the said streets opposite any other intersecting street or streets shall be borne and paid by the said Corporation of the City of Kingston out of the general funds of the Municipality: provided further that corner lots shall be assessed for a frontage equal to twice the frontage of the shortest side, and provided that the charge upon the triangular property occupied by Dr. James Third shall be $5, and the charge upon the triangular property occupied by Chalmers Church shall be $5.

3. That the Assessment Commissioner of the City of Kingston, with such assistant or assistants as may be necessary, do forthwith prepare and deliver to the City Clerk a Roll containing all the assessed real property within the said areas with the frontages thereof on the said streets, and the names and roll numbers of the owners as they appear on the last revised assessment roll.

4. The City Clerk shall place upon the Collector's Roll or Rolls, opposite the several names of the persons assessable, the amounts assessable against the several properties of said owners in respect of such special rate, as shown in the roll in the previous section mentioned.

5. The said amounts shall be payable on the 15th day of June next, to the Collector of Municipal Taxes of the City of Kingston, who is hereby authorized to collect the said amounts at the same time, in the same manner and with the like remedies as ordinary taxes upon real estate are collectable under the provisions of the Assessment Act.

6. That the amounts collected from the said rate and contributed by the Corporation as aforesaid shall be expended in paying the cost of watering the said streets within the said areas and not otherwise.

7. That no street or part of street or square, or part of square outside the area or areas above defined shall be watered except upon the petition of at least two-thirds of the freeholders and householders resident in and on properties abutting on such street or part of a street, or square, or part of a square, representing in value at least one-half of the assessed real property therein as required by Section 686, sub-section 1, of the "Municipal Act," and the City Assessor shall certify whether such petition has been sufficiently signed before any by-law be passed to give it effect

8. This By-law shall come in force and take effect on its passing.

(Signed) D. COUPER, *Mayor,*

Board of Works.

Ald. Graham presented report No. 28 from the Board of Works, as follows:

Kingston, March 25th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That the Fire Department be instructed to provide the Board of Works with all hose required by the latter department for flushing purposes under the Flushing By-law, and that the net revenue received under the flushing By-law be placed to the credit of the Fire Department.

2. On the recommendation of the City Engineer that a copy of Goad's Revised Plans of the City of Kingston be purchased for the use of the Works Department.

3. On the communication of Mr. Cartwright, Secretary of the Board of Railway Commissioners, regarding the crossings of the Grand Trunk Railway and the Kingston & Pembroke Railway systems opposite the Tete du Pont barracks, that the City Solicitor and City Engineer be instructed to appear before the Board of Railway Commissioners on April 6th, to represent the City and to protect its interests in the matter.

4. On the communication of Mr. Cartwright, Sec. Board of Railway Commissioners, enclosing a copy of the report of Mr. Mountain, Chief Engineer of the Board, upon the River Street Overhead Bridge, the Board of Works beg leave to report:

(*a*) Your Board cannot adopt the suggestion that the use of the bridge be discontinued and that the traffic be diverted to the Cataraqui Street Crossing a short distance to the south.

(*b*) Neither can your Board adopt the suggestion that the use of the bridge be raised to the statutory height and used for foot passengers only, and that the vehicular traffic go around by Cataraqui street.

(*c*) Your Board submit that the River street bridge, as at present constructed, meets all the requirements of the City's purposes and is entirely satisfactory from the point of view of the City; that to discontinue the use of the bridge as proposed, either wholly or partially, would subject the citizens to very great inconvenience and would materially depreciate the value of property in that locality, which depends upon the bridge as a convenient thoroughfare.

(*d*) Your Board submit further that the necessity for any alteration in the bridge arises solely out of consideration for the safety

of the railway company employees and the safety and convenience of citizens and residents of this Municipality, in no wise calls for any change in the bridge.

(*e*) Your Board submits further that if the bridge has ceased to conform to the law for any reason and must be reconstructed, this has been necessitated by changes in the mode of operating the railways passing underneath, such as by the increased height of freight cars and otherwise, and this being so, your Board submits that any changes in the bridge and its approaches necessary to make it comply with the law should be made and borne exclusively by the railway companies concerned, and that no part of the cost should be imposed upon this Corporation.

(*f*) That the City Solicitor be instructed to forward a copy of this report of the Secretary of the Board of Railway Commissioners as embodying the views of the Corporation in the premises.

Respectfully submitted,

(Signed) C. J. GRAHAM, *Chairman,*

Moved by Ald. Graham, seconded by Ald. Harty, (4) that the report of the Board of Works be received and adopted.

Moved in amendment by Ald. Rigney, seconded by Ald. McCartney, (5) that Clause 1 of the report of the Board of Works be struck out,—

The amendment was carried on the following division:

Yeas—Mayor Couper, Ald. Carson, Chown, Clugston, Elliott, Harty, McCann, McCartney, McKay, Rigney, Tweddell—(11).

Nays—Ald. Free, Givens, Graham, Hoag, Kent, Toye (6).

The original motion was then carried as amended.

Water Works.

Ald. Toye presented report No. 29 from the Committee on Water Works, as follows:

March 25th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Water Works begs leave to report and recommend as follows.

1. That the tender of McKelvey & Birch for pump valves at 88 cents per lb., being the lowest, be accepted.

2. That the tender of Selby & Youlden for service boxes at $1.50 each, valve boxes at $5.00 each, hydrants at $40.00 each, and special castings at 3¾ cents per lb. be accepted.

3. That when urgently required, small purchases may be made by the Chairman, but no such purchase shall exceed the sum of $20.00.

Respectfully submitted,

Moved by Ald. Rigney, seconded by Ald. Chown, (7) that rule 33 of the Standing Rules of Council be suspended to admit of the report of the Committee on Fire and Light being received.—Carried.

Fire and Light.

Ald. Rigney presented report No. 30 from the Committee on Fire and Light as follows:

Kingston, March 26th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:

1. That the sum of twenty-five dollars ($25.00), received from the Town of Gananoque, be divided among the members of the Kingston Fire Department.

2. That the resignation of D. Sinclair, Mechanical Engineer, be accepted.

3. That the resignation of A. McKee, Fireman, be accepted.

4. That W. H. Way be appointed Mechanical Engineer at a salary of $600 per year.

5. That the following tenders, being the lowest, be accepted:

John Corbett, 1,800 lbs. bluestone at 5⅛c. per lb.

A. Chown & Co., 400 lbs. No. 9 galvanized wire at $2.75 per hundred.

Northern Electric Co., 250 gravity coppers at 7¼c. each.

Canada Metal Co., 600 zincs at 26c. each, less 10 per cent. f.o.b. Toronto.

6. That for the purposes of reorganization, the resignation of the Chief of the Fire Department be requested.

Respectfully submitted,

(Signed) T. J. RIGNEY, *Chairman,*
J. J. HARTY,
G. Y. CHOWN,

Moved by Ald. Rigney, seconded by Ald. Harty, (8) that the report of the Committee on Fire and Light be received and adopted.—Carried.

Moved in amendment by Ald. Elliott, seconded by Ald. Kent, (9) that the last clause in the report of the Fire and Light Committee be referred back to the Committee for further consideration and information regarding the complete reorganization of the Department by the introduction, if possible, funds being available, of a new Chief brought in from outside the City, retaining the present Chief as Assistant Chief at his present salary,—

The amendment was carried on the following division:

Yeas—Mayor Couper, Ald. Carson, Clugston, Elliott, Free, Givens, Graham, Hoag, Kent, McCann, McCartney, McKay, Toye, Tweddell—(14).

Nays: Ald. Chown, Harty, Rigney—(3).

The original motion was then carried as amended.

Parks.

Ald. Kent presented report No. 31 from the Committee on Parks as follows:

March 29th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Parks begs leave to report and recommend as follows:—

1. That the Chairman be authorized to make purchases for the Parks to the extent of sixty dollars and that the Chairman and Superintendent be authorized to purchase the necessary trees, plants, flowers, bulbs and shrubs.

Respectfully submitted,

Moved by Ald. Kent, seconded by Ald. Hoag, (10) that the report of the Committee on Parks be received and adopted.—Carried.

Ald. Elliott presented report No. 32 from the Joint Committee on Finance and Accounts and Works as follows:

Kingston, March 29th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Joint Committee on Finance and Accounts and Works begs leave to report as follows upon the plans of the G. T. Railway for a diverted subway at the Montreal street crossing of the G.T.R. near Kingston Junction:

1. Your Committee begs leave to submit herewith the report of the City Engineer and recommend that the same be adopted.

2. The said report of the City Engineer points out the defects in the plans submitted of a diverted subway, which in our opinion renders said plans impossible of acceptance by this Council.

3. The said report of the City Engineer suggests that a subway in line with the existing highway known as the Montreal Road, be constructed, passing under the present level crossing, and your Joint Committee are of the opinion that such suggested straight subway is the least objectionable of all the plans submitted to and considered by them and is from all points of view the most feasible, provided that the apportionment of cost as between the Municipalities interested and the Railway Company ordered by the Railway Board for the diverted subway be adopted for the suggested straight subway.

4. Your Joint Committee further recommend that at a date to meet the convenience of the Railway Board the Mayor, Ald. Elliott and Ald. Chown and the City Solicitor and City Engineer appear before the Board for the purpose of urging upon the Board the recission of the former orders of the Board and the construction by order of the Board of a subway in line with the existing highway as shown upon the sketch plans prepared by the City Engineer and that the apportionment of the cost of such straight subway as between the Municipalities interested and the Railway Company be as ordered in respect of the diverted subway.

Respectfully submitted,

Ald. Chown presented report No. 33 from the Committee on Finance and Accounts as follows:—

CIVIC BUDGET, 1909.

Committee Room, City Hall, March 26, 1909.

The Committee on Finance and Accounts, in submitting the estimates for the year 1909, beg to report as follows:

The bonded debt of the City, including debentures not yet issued, but authorized by by-laws, is $1,231,574.70, made up as follows:

Water Works		$ 216,000 00
Light Works		278,375 00
SCHOOLS—		
Public	$ 26,800 00	
High	18,388 00	
		45,188 00
LOCAL IMPROVEMENTS—		
City Portion	$109,198 51	
Local Portion	148,854 49	
		258,053 00
General Purposes		433,958 70
		$1,231,574 70

The amount of the Sinking Fund is $114,785.13, and of this amount $105,005.41 is invested in Local Improvement Bonds of this City, and $9,779.72 is on special deposit in the Bank of B.N.A.

The amount of taxes to be levied for the Sinking Fund this year is $10,411.91, the property owners especially benefited paying $5,933.24, and the City generally $4,478.67.

Your Committee would call attention to the rapid increase in the debt for local improvements. The increase last year amounted to $22,136.58, and there will be a further increase of $34,189 when debentures for the local improvement works of last year are issued.

Your Committee regrets that it has not been able to provide the full amounts asked for by the different spending Committees without increasing the tax rate.

Your Committee recommends that the expenditures in connection with the recent epidemic be met by applying $10,000 of the cash surplus at the credit of the Water Works in payment of same.

Your Committee recommends that a rate of 20½ mills on the dollar be imposed on this year's assessment.

Respectfully submitted,

BY-LAWS.

Ald. Chown presented By-law No. 21, 1909.

The By-law was read a first time, and, the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Carson in the chair, and was signed and sealed as follows:—

BY-LAW No. 21, 1909.

A By-law to levy a rate of 20½ mills on the dollar upon the assessed value of the rateable property in the Municipality of the City of Kingston for the lawful purposes of the Municipality for the year 1909.

Passed March 29th, 1909.

Whereas for the year 1909 there are required for the lawful purposes of the Municipality of the City of Kingston as hereinafter specified the following named sums of money estimated by and to the Council of the said Municipality to be raised by the levy of the several rates hereinafter mentioned respectively amounting together to the rate of twenty and a half mills on the dollar upon the assessed value of the rateable property in the said Municipality and which in the revised and adopted assessment rolls for the year 1909 amounts to the sum of $8,600,450 current money of Canada (which rate of 20½ mills on the dollar is, in respect of the rateable property in said Municipality liable to be assessed for the Roman Catholic Separate School rate, inclusive of the rate hereinafter directed to be levied upon the rateable property liable thereto, and which said rate of 20½ mills in the dollar also includes the rate for the sum required for the Public School purposes for the said year to be levied on the property liable thereto as hereinafter provided.

Be it therefore enacted by the Council of the Corporation of the City of Kingston, as follows:—

1. The sum of $22,383.00 required to pay the annual interest and the payment of the principal on the debentures issued under the provisions of "The City of Kingston Debt Arrangement Act, 1887," shall be raised by the levy of a rate, "The Debt Arrangement Loan Rate," of Two 60/100 mills in the dollar upon the whole assessable value of all the rateable property in the said Municipality.

2. The sum of $19,172.27 required to pay the annual interest on and the annual payment on account of the loan and bonus debentures and not provided for under Section 1 of this By-law shall be raised by the levy of a rate of Two 23/100 mills in the dollar upon the whole assessed value of all the rateable property in the said Municipality.

3. The sum of $33,137.00 required for Public School purposes of the said Municipality as estimated to the said Council by the Board of Education of the said Municipality shall be raised by the levy of a rate of Four 69/100 mills in the dollar upon the assessed value of the rateable property in the said Municipality assessable and liable to be rated for a Public School rate, said assessed value being $7,061,518.

4. The sum of $2,419.00 required to pay the annual interest on and the annual payment on account of the Public School Debentures of the said Municipality, shall be raised by a levy of a rate of 34/100 mills in the dollar upon the said assessed value of the rateable property in the said Municipality assessable and liable to be rated for a Public School rate, said assessed value being $7,061,518 as aforesaid.

5. The sum of $9,244.54 required to pay the annual interest on and provide the annual sum required for the sinking fund for the debentures of the said Municipality issued for the purpose of raising loans for the amount of the costs of the several local improvement works in said Municipality to be borne and paid by the said Municipality at large, shall be raised by the levy of a rate of 1 08/100 mills in the dollar upon the whole of the said assessed value of all the rateable property in the said Municipality as aforesaid.

6. The sum of $82,213.41 required for the general purposes and expenditure of the said Municipality for the current year, shall be raised by the levy of a rate of nine 56/100 mills in the dollar upon the whole of the assessed value of all the rateable property in the said Municipality as aforesaid.

7. There shall also be levied on the rateable property in the said Municipality liable thereto the assessed value of which amounts to $1,538,932 a rate of 5 03/100 mills in the dollar imposed on the said property by the Board of Trustees of the Roman Catholic Separate Schools of the said Municipality for the purposes of the said Separate Schools for the current year and the said last mentioned rate shall be levied and collected by the collector appointed to collect the Municipal rates and taxes of the said Municipality at the time and as provided by law.

8. The said several rate of 2-60/100, 2-23/100, 1-08/100, 9-56/100 mills in the dollar to be levied upon the whole of the said assessed value of the rateable property in the said Municipality and the said several rates of 4-69/100 mills and 34/100 mills in the dollar to be levied upon the assessed value of all the property in said Municipality assessable and liable to be rated for a Public School rate and the said rate of 5-03/100 mills in the dollar to be levied upon the assessed value of all the property in said Municipality assessable and liable to be rated for the said Roman Catholic Separate

Ald. Chown presented report No. 39 from the Sub-Committee of Council appointed as a deputation to Ottawa re subway, as follows:

Committee Room, City Hall, 12th April, 1909.

To the Mayor and Council:

Gentlemen,—The undersigned, composing the deputation appointed to attend before the Board of Railway Commissioners of Canada on the hearing of the application of the Grand Trunk Railway Company to obtain the approval of the Board of the plans for the construction of a subway at Kingston Junction, beg leave to report as follows:

Your deputation, accompanied by the City Solicitor and City Engineer, attended before the Board on Tuesday, the 6th instant. Your deputation, as instructed by Council, pressed for a modification of the Order of the Board providing for a diversion of the highway and urged the superior advantages of a direct subway in line with the existing highway. The Board took the position that it should not vary the previous Order directing a diversion of high-

way since the original of the Order was first passed as long ago as 1888 upon the application of the County, and had been reaffirmed in 1902, 1903 and 1904. The Board indicated a disposition to order the construction of the direct subway, but only on terms that the additional cost should be charged jointly against the two municipalities interested. As this would involve an additional cost jointly to the County and City of some $10,000 or $12,000, your deputation felt that they could not accept a direct subway upon these terms.

Your deputation then called the attention of the Board to those defects in the plans of the diverted subway which had been pointed out to Council by the City Engineer, and the Board appreciating the validity of these obections, directed the engineer of the Board in conference with the engineers of the City, the County and the railway company to modify the plans so as to remove the objections urged by your deputation. These modifications, your deputation are advised, remove in a great measure those dangers which it was apprehended would exist if the plans as originally submitted were carried out. The highway will not pass under the railway tracks in a line not at right angles to the tracks but at an angle of 68 degrees, and in addition the approach from the City will be diverted so as to arch out towards the suburban line, the effect of which will be that persons approaching the subway will have nearly as long a line of view ahead as if the direct subway had been constructed. A copy of the Order made by the Board has been received by the City Solicitor and, we are advised, has been forwarded to the City Clerk.

A consequent application was made by the Grand Trunk Railway Company for an apportionment of the cost of a night watchman, provided temporarily pending the construction of the subway. This cost, which will amount to about $40 a month, was imposed upon the City exclusively on the ground that the City's action in contesting its liability to be burdened with the cost of the subway had occasioned a delay in the construction of the subway and had thereby necessitated this temporary protection. As the subway is to be completed by the first of August next, this charge, although in the judgment of your deputation one that should be shared equally by the County and the City, will not be a considerable matter.

The City Solicitor has not yet received the order apportioning the cost of temporary protection, but when the same is received it will be forwarded to the City Clerk.

Upon the application for protection at the railway crossings at Place d'Armes, the Board, on consent of the railway companies and

the City, represented by your deputation, ordered that all trains passing said crossings should slow down to six miles an hour, and the Board dispensed with any further or other protection at said crossings.

BY-LAW No. 22, 1909.

A By-law to authorize the construction of Cement or Concrete Sidewalks in the streets and parts of streets, set out in the schedule hereto annexed, in the City of Kingston, as local improvements under the provisions of the Municipal Act in that behalf.

Passed April 26th, 1909.

WHEREAS in the opinion of two-thirds of all the members of this Council it is desirable in the public interest that cement or concrete sidewalks should be laid down on the streets and parts of streets in the City of Kingston severally set out in the schedule hereto annexed, as local improvements under the provisions of the Municipal Act.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. Cement or Concrete sidewalks shall be forthwith constructed by this Council as local improvements under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in section 6, on the said streets and parts of streets mentioned and described in the schedule

to this By-law hereto annexed, which said sidewalks shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sidewalks, except as aforesaid, and the interest on the temporary loans hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said several improvements, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of the said several improvements as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law: but to enable this Council to avoid the necessity of making a supplementary assessment in any case, or a refund in case of an over assessment in any case, such assessment shall not be finally made until the exact cost of the said several improvements has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in Section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies, corporate, willing to lend the same such sum or sums as may be necessary to meet the cost of the said several improvements.

4. Upon the completion of the said several improvements and the ascertainment of the exact cost of each of the same, the City Engineer shall in respect of each of said improvements make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate in respect of each of the said several improvements, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statements, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of the said several improvements the City Engineer shall ascertain their exact cost exclusive of the interest on the temporary loan or loans, aforesaid, and the part of such cost to be provided by this Council in respect of each such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of each such improvement having been added to the balance thus obtained in each case the said special assessment after the said several statements shall have been finally revised, shall be made for the said several amounts; and to repay the said several temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said several special assessments and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary by-laws shall be passed for the said purpose.

6. The Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of the said several improvements and also the cost of that part of the said sidewalks which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of said sidewalks which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

BY-LAW No. 23, 1909.

A By-law to authorize the construction of a common sewer in a part of York street, in the City of Kingston, as a local improvement, under the provisions of the Municipal Act in that behalf.

Passed April 26th, 1909.

WHEREAS, the Council of the Corporation of the City of Kingston has received a petition sufficiently signed, according to the provisions of the said Act, praying for the construction of a Common Sewer in that part of York Street from a point 66 feet west of east limit of Lot No. 565 easterly to connect with sewer in Frontenac street, in the City of Kingston, as a local improvement as aforesaid, to be paid for by special assessment of the real property immediately benefited thereby, and as hereinafter provided, and it is expedient to construct the said sewer as prayed;

And Whereas, the estimated cost of the said improvement, including interest on the temporary loan to be raised in connection with its construction, as hereinafter provided, is $306.00, part of which cost, estimated at $234.50, is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 5, as required by law, but it is deemed advisable to defer making the special assessment for the part of the cost of the said sewer to be levied for by such assessment until the exact cost of the said work has been ascertained after its completion;

Be it Theefore Enacted by the said Council of the Corporation of the City of Kingston as follows:

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provision of the said Act, to be paid for by a special assessment of the lands immediately benefited thereby, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 5, in the said part of Frontenac street hereinbefore in the recital to this By-law mentioned and described, the said sewer to have a sectional area of 63.6 square inches and to be constructed according to the plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer, except as aforesaid, and the interest on the temporary loan therefor hereinafter mentioned, and meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the real property immediately benefited by the construction of the said improvement, and liable to be assessed according to the frontage thereof for a period to be hereafter determined, but within the probable life of the said improvement, as shall be certified by the City Engineer, which said rate shall be assessed, levied and collected as provided by law; but to enable this Council to avoid the necessity of making a supplementary assessment or a refund in case of an over-assessment, such assessment shall not be made until the exact cost of the said improvement has been ascertained after its completion, and in the meantime a temporary loan shall be effected to meet such cost, except as aforesaid, as provided by law in such cases,

3. Upon the completion of the said improvement and the ascertainment of its exact cost, the City Engineer shall make measurements of the frontage of the real property liable to the said rate, of

the frontages of the real property exempt from taxation, and of the frontages of the several lots or parcels of land liable to such rate, with the names of the owners thereof, so far as can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate, and one of such duplicate statements he shall file in the office of the City Clerk, and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statement take the necessary proceedings for the revision of the same by the Court of Revision and by the County Judge, in case of appeal, as required by law.

4. Upon the completion of the said improvement the City Engineer shall ascertain the exact cost of the said improvement, exclusive of the interest on the temporary loan aforesaid, and the part of such cost to be provided by this Council shall be deducted, and the interest on the temporary loan being added to the balance thus obtained, the said special assessment, after the statement aforesaid shall have been finally revised, shall be made thereon for the said amount and to repay the said temporary loan and interest the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued on the security of the said special assessment, and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary By-law shall be passed for the said purposes.

5. This Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, the cost of all culverts and other works necessary for street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer, which is incurred at and is chargeable in respect of street intersections, and also one-half of the cost of that part of the said sewer done or made opposite real property, if such proprety is but on one side of it, which by any general or special act is exempt from special or local assessment, and also the cost of the whole of that part of the said sewer done or made opposite real property, if such property is on both sides of it, which is so exempt from special or local assessment.

6. This By-law shall come in force and take effect on its passing.

BY-LAW No. 25, 1909.

TO BORROW $35,064.00.

A By-law to raise by way of loan the sum of $35,064.00 by the issue of debentures to meet the cost of construction of sidewalks and sewers on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed April 25th, 1909.

WHEREAS in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable

in the public interest to construct and lay down concrete and asphalt sidewalks as local improvements on the several portions of streets mentioned and described in column one of part I of the Schedule hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of said sidewalks falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of the construction of the said sidewalks to be provided by the Municipality and to issue debentures for the amount thus obtained:

And Whereas petitions were received by the said Council praying the Council to construct concrete sidewalks as local improvements on the several portions of streets mentioned and described in column one of part II of the Schedule hereto annexed and to provide from the general funds of the Municipality forty per cent. of that part of the cost of the construction of said sidewalks falling on the property benefited, in addition to the part of such cost to be provided by the Municipality and to add said 40 per cent. to the said part of the cost of the construction of the said sidewalks to be provided by the Municipality and to issue debentures for the amount thus obtained; and the said petitions were in each case signed by at least two-thirds in number of the owners of the real property to be benefited respectively according to the last revised assessment roll of the Municipality, such owners representing in each case at least one-half in value of such real property (the number of such owners and the value of such real property as appeared by the last revsied assessment roll of the Municipality, having been first ascertained and determined in each case in the manner and by the means provided by a By-law in that behalf) and thereupon the said Council by an affirmative vote of three-fourths of the members thereof decided that the said concrete sidewalks should be constructed on the said portions of said streets in accordance with the said several petitions:

And Whereas petitions were received by the said Council praying for the construction of common sewers as local improvements on the several portions of the streets respectively mentioned and described in column one of part III of the Schedule hereto annexed, such petitions in each case being signed by at least two-thirds in number of the owners of the real property to be benefited thereby respectively, according to the last revised assessment roll of the Municipality, such owners representing in each case at least one-half in value of such real property (the number of such owners and the value of such real property as appeared by the last revised assessment roll of the Municipality having been first ascertained and de-

termined in each case in the manner and by the means provided by a By-law in that behalf) and thereupon the said Council decided that common sewers should be constructed on the said portions of said streets in accordance with the said several petitions:

AND WHEREAS the said Council upon the recommendation of the Local Board of Health did affirm by a vote of two-thirds of all the members of the Council in regular meeting thereof, that it was desirable and necessary in the public interest to construct each of the sewers mentioned and described in column one of part IV of the Schedule hereto annexed for the purpose of draining a particular locality for sanitary or drainage purposes, as a local improvement:

AND WHEREAS the said several sidewalks and sewers were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereon showing that said respective works have been fully completed and a roll or statement has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several properties benefited by the respective works and it has been certified that the period of twenty years is the probable life of each of the said several works:

AND WHEREAS the assessed value of the whole real property rateable in respect of the said several improvements as ascertained and finally determined, is the amount mentioned in the eighth column of the said schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the City's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the property benefited is as mentioned in the fourth column of the said Schedule respectively opposite the said several works and described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of real property benefited in the case of each of such local improvement works is as set down in the fifth column of the said Schedule respectively opposite each such works as described in the first column of said Schedule and the cost per foot frontage chargeable against the real property benefited by and in respect of each such work is as set down in the sixth column of each such schedule respectively opposite each such work as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of twenty years upon the several properties benefited by and in re-

spect of each such work is as set down in the seventh column of the said schedule respectively opposite each such work as described, in the first column of said schedule, and the said schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works:

And Whereas the sum of $35,064.00 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances, it is expedient to raise the said sum of $35,064.00 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of July, 1909, as hereinafter provided:

And Whereas it will require the sum of $1,456.50 to be raised annually for a period of twenty years to pay the sum of $19,784.69 (being the property owners' portion of the said cost of the said works) and interest at the rate of four per cent. per annum payable half-yearly; and it will require the sum of $1,125.00 to be raised annually for a like period of twenty years to pay the sum of $15,279.31 (being the City's portion of the said cost of the said works) and interest at the said rate payable half-yearly:

And Whereas the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $8,600,450, and the amount of the existing debenture debt of the said City exclusive of local improvement debts secured by special Acts, rates or assessments, is the sum of $1,082,720.21:

And Whereas the said debt of $19,784.69 is created on the security of the special rate settled by this By-law and is further guaranteed by the Municipality at large:

Be it Therefore Enacted by the Council of the Corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the debentures hereinafter mentioned, the sum of $35,064.00 and to cause the same to be paid into the hands of the Treasurer of the said City for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $35,064.00 and that the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor and counter-

signed by the said Treasurer thereof, and shall be used to raise the sum of $35,064.00 by way of loan as aforesaid for the purposes aforesaid.

3. The said debt shall be payable by annual instalments within twenty years from the first day of July, A.D. 1908, (which shall be the date of the issue of the said debentures), at the office of the Treasurer of the said City of Kingston in the said City and such instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of the said period of twenty years, and the said debentures shall be issued accordingly and shall have attached to them coupons for the payment of interest thereon as hereafter provided, which coupons shall be signed by the said Treasurer.

4. The said debentures shall bear interest at the rate of 4 per cent. per annum from the first day of July, 1909, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston.

5. For the purpose of paying the sum of $15,279.31 (being that portion of the whole debt hereby created which is to be charged and assessed against the City of Kingston) and the interest thereon as aforesaid, the sum of $1,125 shall be raised in each year of the said period of twenty years by a special rate sufficient therefor, to be raised, levied and collected along with the other City rates and taxes in each year of the said period of twenty years as aforesaid upon the whole rateable property in the said Municipality.

6. For the purpose of paying the said sum of $19,784.69 (being that portion of the whole debt hereby created which is to be charged and assessed against the real property benefited) and the interest thereon as aforesaid the sum of $1,456 shall be raised, levied and collected along with the other City rates and taxes in each year of the said period of twenty years upon the real property immediately benefited by the said several works described in column one of the Schedule hereto annexed (and which real property is more particularly set forth in the said roll or statement of the City Engineer) by the special frontage rate per foot mentioned in the seventh column of the said Schedule opposite each such work as described in the first column of the said schedule and which said special rate shall be sufficient to produce in each year the said sum of $1,456; and the said debt amounting to the sum of $19,786.69 is created on the security of the said special rate and the debentures issued in respect thereof are guaranteed by the Municipality at large.

7. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll and statement of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

9. During the period of twenty years commencing from and after the first day of July, 1909, the lands only (and not the improvements thereon) specially assessed in respect of the said several sidewalks mentioned in Parts I and II of the Schedule hereto annexed shall be exempt from any general rate or assessment for a like purpose to the extent of sixty per centum of such rate except the cost of like works at the intercession of streets and except such portion of the general rate as may be imposed to meet the cost of like works opposite real property which is exempt from such special assessment: and the lands only and not the improvements thereon specially assessed in respect of the said several sewers mentioned in Parts III and IV of the Schedule hereto annexed shall be exempt from any general rate or assessment for a like purpose except the cost of like works at the intercession of streets and except such portion of the general rate as may be imposed to meet the cost of like works opposite real property which is exempt from such special assessment.

10. This By-law shall come in force and take effect on its passing.

(Signed) D. COUPER, *Mayor.*

Board of Works.

Ald. Graham presented report No. 41 from the Board of Works as follows:

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works beg leave to report and recommend as follows:

1. On the communication of Mrs. Catherine Hansen, 112 William street, and of Dr. James Third, 12 Wellington street, asking for the removal of certain trees fronting their respective properties, that they be referred to the Chairman and City Engineer with power to act.

2. On the report of the City Engineer, dated April 29th, presenting estimates re the proposed Earl street sewer diversion, that the sewer be diverted to the William street slip, it being the cheapest method of diversion.

3. That in the event of the actual cost of the proposed diversion of the Earl street sewer being less than $3,500, the amount authorized by budget for such work, that such balance be placed to the credit of the Board of Works for general purposes.

4. The Walk Inspection Committee, consisting of Ald. Graham, Free, and the City Engineer, having reported re the last inspection of walks, resolved that in the opinion of the members of Council, expressed by a two-thirds vote of the members present, it is desirable in the public interest that concrete walks be constructed in the following streets as local improvements and that 60 per cent. of the cost thereof be assessed against the assessable properties abutting thereon, and that the City Engineer's estimates, as contained in said schedule, be adopted:

Street.	From	Estimated total cost.	Portion of cost borne by Municipality.

5. On the report of the City Engineer, that various trees would interfere with the construction of certain walks as to their proper alignment, that the following trees be cut down in accordance with the provisions of By-law No. 30, clause No. 15:

Cherry Street—West side Pine street north—Two trees in front of house No. 64; two trees between houses 64 and 68; 1 tree in front of house No. 68.

Princess Street—S. S. Barrie to Division street—Tree in front of house No. 394.

Division Street—W. S. Johnson street to Brock street—Tree No. 1 from Brock street southerly.

Albert Street—W. S. Earl street to Union street—Hedge fronting J. R. C. Dobbs' property.

6. On the communication of Mrs. Christina Cochrane, 164 Frontenac street, objecting to the construction of a concrete walk on Division street, fronting lots 6, 7 and 8, that no action be taken.

7. On the communication of H. Stratford, et al, protesting against the construction of a concrete walk on Charles street, N. S. Montreal street to Patrick street, that no action be taken.

8. On the petition of H. D. Bibby, and the Kingston British Whig for permission to erect electrical signs fronting their respective premises, that said permission be granted them, and that the City Solicitor be instructed to prepare the necessary By-law.

9. That tenders be called for a horse and buggy for the use of the Department, and that the award of the contract be left to the Chairman and City Engineer with power to act.

Ald. Chown presented By-law No. 27. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Graham in the chair, and was signed and sealed as follows:

BY-LAW No. 27, 1909.

A By-law to raise by way of loan the sum of $4,000 for the purposes herein mentioned.

Passed May 10th, 1909.

WHEREAS the Board of Education for the City of Kingston has applied to this Council to issue debentures of this Corporation for the purpose of raising the sum of $4,000, required by the said Board of Education for a permanent improvement, to wit., the erection of a gymnasium;

AND WHEREAS it is expedient to grant the said application and to pass this By-law authorizing the issue of debentures of the Corporation of the City of Kingston to the amount of $4,000 in order to raise the said sum for the purpose aforesaid;

AND WHEREAS the amount of the debt which this By-law is intended to create is $4,000 and the object for which it is to be created is to enable the said Board to carry out its purpose as herein mentioned;

AND WHEREAS the total amount required to be raised annually by special rate for paying the said debt and interest is the sum of $308;

AND WHEREAS the whole rateable property of the Municipality of the City of Kingston, liable to be rated for high school purposes according to the last revised Assessment Roll, being for the year 1909, is $8,600,450;

AND WHEREAS the amount of the existing debenture debt of the Municipality, exclusive of local improvement debts secured by special acts, rates or assessments, is $1,082,720.21, for which the whole rateable property of the Municipality amounting to $8,600,450 according to the said Assessment Roll, is liable to be rated, and no part of the principal or interest of said debenture debt is in arrear;

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The application of the Board of Education above recited is hereby granted.

2. It shall be lawful for the Mayor of this City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, the said sum of $4,000, and to cause the same to be paid into the hands of the Treasurer of the said Board of Education or otherwise, as the Board may direct for the purpose of the said Board hereinbefore mentioned.

3. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $4,000, for the purpose of the said loan, and the said debentures shall be sealed with the seal of this Corporation and shall be signed by the said Mayor and countersigned by the Treasurer of this Corporation.

4. The said debt shall be payable by annual instalments within twenty years from the first day of July, 1909, which shall be the date of the issue of the said debentures therefor, at the office of the City Treasurer in the said City, and such instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of the said period of twenty years, and the said debentures shall be issued accordingly and shall have attached to them coupons signed by the Treasurer of the said Corporation for the payment of interest thereon as hereinafter provided.

5. The said debentures shall bear date the first day of July, 1909, and shall bear interest at and after at the rate of four and one-half per centum per annum from the date thereof, which interest

shall be payable half-yearly on the first day of the months of January and July in each year at the office of the City Treasurer in the said City.

6. For the purpose of paying the said debt and the interest to become due thereon an annual sum of $308 shall be raised in each year of the said period of twenty years by a special rate sufficient therefor to be raised, levied and collected in each year as aforesaid upon all the rateable property in the said Municipality liable to be rated for a high school rate or for high school purposes, during the continuance of the said debentures or any of them.

7. This By-law shall come in force and take effect on its passing.

R. E. KENT,

Moved by Ald. Kent, seconded by Ald. McCann, (2) that the report of the Committee on Finance and Accounts be received and adopted.—Carried.

Moved by Ald. Graham, seconded by Ald. Kent, that rule No. 33 be suspended in order that the report of the Board of Works might be presented, it being insufficiently signed.—Carried.

Board of Works.

Ald. Graham presented report No. 45 from the Board of Works as follows:

Kingston, May 20th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. On the communication of J. W. Smith asking permission to erect three porticos on Markland street, north side, as encroachments on the street, that it be granted, notwithstanding Clause 9 of Report No. 67, of the Board of Works, adopted by Council, July 6th, 1908, the City Engineer having reported favorably on the said communication as the encroachment would in no way interfere with the line of view in the street proper, there being a jog in the street, and further the said jog in the street being an isolated case there being no other street in the city having a jog in it.

2. On the petition of L. Clements, et al., for a concrete curb on King street, west side Johnson to William street as a local improvement, that it be granted, it being certified sufficiently signed by the assessment commissioner.

3. On the petition of William Kelly asking to have the name of Joseph street changed to Dorchester, that no action be taken, it being insufficiently signed.

4. On the communication of Dr. J. H. Bell asking for permission to erect two porticos fronting houses No. 22 and 24 Clergy street west, as encroachments on the street, that it be granted, notwithstanding Clause 9, Report No. 67 of the Board of Works adopted by Council, July 6th, 1908.

5. That the street watering by-law be amended on the recommendation of the City Engineer to permit Sydenham street between Colborne and Ordnance streets being watered.

6. Regarding the opening of Sydenham Lane as a public thoroughfare, your committee beg leave to recommend: First, that negotiations be opened up by this Committee with His Grace Archbishop Gauthier, for the purchase of the land in Sydenham lane to the width of 35 feet or of a sufficient additional limit to extend Sydenham street northerly to Brock street to the full width of 66 feet, at a price to be agreed upon. Second, that the Board of Works consider the advisability of also acquiring a strip of land on the west side of Sydenham lane not built upon, being the property of the Baptist church and Dr. Mundell, provided the said strip of land lies to the east of the westerly limit of Sydenham street produced northerly to Brock street.

7. That in view of the advisability of constructing a concrete walk on Bagot street, west side from Ordnance street, southerly to the north limit of lot 5, the estimated cost of which would be $342.00 for a five foot width, and in view of the fact that this walk fronts the property owned by the Dominion government that the Hon. Mr. Harty, M.P., be requested to interview the Hon. Minister of Militia with a view to seeing if the Militia Department would pay one-half the cost of the proposed improvement, it being brought to the attention of the Minister of Militia that a similar course was followed by the government in the construction of the concrete walk fronting the same property on Montreal street.

Respectfully submitted,

(Signed) C. J. GRAHAM, *Chairman*,
R. E. KENT,
FRANK J. HOAG,

Moved by Ald. Graham, seconded by Ald. Kent, that the report of the Board of Works be received and adopted.

Moved in amendment by Ald. Chown, seconded by Ald. Craig, (3) that clause 1 be struck out.

Nays—Ald. Carson, Clugston, Graham, Hanley, Hoag, Kent, McCann, McCartney, McKay, Robertson (10)

Moved in amendment by Ald. Nickle, seconded by Ald. Chown, (5) that clause 4 be referred back with instructions for a detailed report touching all similar communications now on fyle and not granted by Council.

The amendment was carried on the following division:

Yeas—Mayor Couper, Ald. Angrove, Carson, Chown, Craig, Clugston, Elliott, Kent, McCartney, McKay, Nickle, Rigney, Tweddell (13).

Nays—Ald. Graham, Hanley, Hoag, McCann, Robertson (5).

Moved by Ald Graham, seconded by Ald. Kent, (6) that the report of the Board of Works be received and adopted as amended.

Moved by Ald. Craig, seconded by Ald. Chown, (in amendment) (7) that clause 1 be referred back for further consideration in view of the fact that this question is to be fully reported on at a future meeting.

The amendment was lost on the following division:

Yeas—Ald. Angrove, Carson, Chown, Craig, Clugston, Elliott, McCartney, Nickle, Rigney (9).

Nays—Mayor Couper, Ald. Graham, Hanley, Hoag, Kent, McCann, McKay, Robertson, Toye, Tweddell (10).

The resolution to receive and adopt the report was then carried as amended with clause 2 withdrawn.

Water Works.

Ald. Craig presented report No. 46 (No. 1) from the Water Works, as follows:

Kingston, May 31st, 1909.

To the Mayor and Council of the City of Kingtson:

Gentlemen,—The Committee on Water Works begs leave to report and recommend as follows:

1. On the communication of Mrs. Theresa Armstrong, asking for a water supply to house near Montreal and Stephen streets, that no action be taken.

2. That a new coal storage be built on present site, 55 x 90, of cement reinforced by steel where necessary, at a cost of about $1,500.

BY-LAWS.

Ald. Hoag presented By-law No. 29. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Kent in the chair, and was signed and sealed as follows:

BY-LAW NO. 29.

A By-law to authorize the construction of Cement or Concrete Sidewalks in the streets and parts of streets, set out in the schedule hereto annexed, in the City of Kingston, as local improvements under the provisions of the Municipal Act in that behalf.

Passed June 7th, 1909.

WHEREAS in the opinion of two-thirds of all the members of this Council it is desirable in the public interest that cement or concrete sidewalks should be laid down on the streets and parts of streets in the City of Kingston severally set out in the schedule hereto annexed, as local improvements under the provisions of the Municipal Act.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. Cement or Concrete sidewalks shall be forthwith constructed by this Council as local improvements under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in section 6, on the said streets and parts of streets mentioned and described in the schedule to this By-law hereto annexed, which said sidewalks shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sidewalks, except as aforesaid, and the interest on the temporary loans hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said several improvements, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of the said several improvements as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law: but to enable this Council to avoid the necessity of making a supplementary assessment in any case, or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of the said several improvements has been ascertained after the completion of the same, and in the meantime a temporary loan or

loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in Section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies, corporate willing to lend the same such sum or sums as may be necessary to meet the cost of the said several improvements.

4. Upon the completion of the said several improvements and the ascertainment of the exact cost of each of the same, the City Engineer shall in respect of each of said improvements make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate in respect of each of the said several improvements, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City's Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statements, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of the said several improvements the City Engineer shall ascertain their exact cost exclusive of the interest on the temporary loan or loans, aforesaid, and the part of such cost to be provided by this Council in respect of each such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of each such improvement having been added to the balance thus obtained in each case the said special assessment after the said several statements shall have been finally revised, shall be made for the said several amounts; and to repay the said several temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said several special assessments and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary By-laws shall be passed for the said purpose.

6. The Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of the said several improvements and also the cost of that part of the said sidewalks which is incurred at and is chargeable in respect of street

intersections, and also the cost of that part of said sidewalks which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

R. F. ELLIOTT,
D. A. GIVENS,
J. S. R. McCANN,

Moved by Ald. Elliott, seconded by Ald. Carson, that the report of the Committee on Finance and Accounts be received and adopted.

Moved in amendment by Ald. Chown, seconded by Ald. Craig, (4) that clause 1 of the report of the Committee on Finance and Accounts be referred back for further consideration.—Carried on the following division:

Yeas—Mayor Couper, Ald. Angrove, Chown, Craig, Clugston, Free, Graham, Hanley, McCann, McCartney, McKay, Robertson, Toye (13).

Nays—Ald. Carson, Elliott, Givens, Tweddell (4).

The motion to adopt the report was then carried as amended.

Ald. Graham rose to a question of privilege and presented the following as a clipping from the *Whig*, which was read by the City Clerk:

"Can This Be True—Do Some Aldermen Vote for Their Own Benefit?—It is common talk among the aldermen that certain contractors among their number vote in committee and council meetings in their own private interests. One contractor at a civic meeting only a short time ago, when asked if he shouldn't take a broad view of things and vote in the interests of the majority, laughingly said: "I'll vote for my own interests every time." At Thursday's Board of Works' meeting Ald. Toye and Hoag jocularly rubbed it into a couple of their confreres by remarking that there was no use trying to get this thing and that thing through; the contractors on the board "sucked" the City Engineer's proposals.

The City Engineer has recently recommended two good schemes for the City—one an improved building by-law, and the other with reference to sewer excavation permits. So far each proposal has been "bumped."

Board of Works.

Ald. Graham presented report No. 54 from the Board of Works as follows:

Kingston, June 17th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works beg leave to report and recommend as follows:

1. In accordance with instruction of Council of May 31st, 1909, that the following report of the City Engineer be presented to Council for its consideration:—

June 16th, 1909.

The Chairman and Members of the Board of Works:

Gentlemen,—Referring to Clause 4 of the Board of Works' report of May 31st, 1909, and to the instructions of Council for a detailed report touching all similar communications now on file and not granted by Council, I beg to report as follows:

The following requests for permission to erect porticos, platforms or steps as encroachments on the streets are now on file, viz.:

(1) J. E. Kane, 44 Clergy street, asking permission to erect a portico having a slight encroachment on the street in order to make the front line of said portico conform with the front line of existing porticos fronting adjacent houses. This request was not granted,

being contrary to the resolution of the Board of Works, adopted by Council July 6th, 1908, and the portico was erected to conform to the street line.

(2) Jas. Johnston, 38 and 40 Clergy street, asking permission to erect portico fronting such houses, the proposed porticos to extend 18 inches beyond the front line of the existing platforms. This request was not granted as the existing platforms already extended two feet on the street and further encroachment would have been contrary to the resolution of the Board of Works, adopted by Council July 6th, 1908.

(3) J. H. Bell, 22 and 24 Clergy St. West, asking permission to erect porticos fronting said houses, the proposed porticos to extend 1′ 1″ beyond the street line. This request was recommended to be granted by the Board of Works, notwithstanding the resolution of the Board of Works adopted by Council July 6th, 1908. I attach herewith a letter from Dr. J. H. Bell, dated the 12th inst., with reference to this request.

(4) B. McCarey, asking permission to erect a step fronting his store on Ontario street, south of Queen street. This request does not necessitate an encroachment on the street, and I have therefore given Mr. McCarey permission to erect it.

The resolution regarding the construction of porticos referred to was adopted by Council July 6th, 1909, and is as follows:

"On the communication of the City Engineer regarding the erection of porticos, that no portico be allowed to be hereafter constructed on the street excepting as a re-erection, and then only on the lines of the old portico."

Respectfully submitted,

H. B. R. CRAIG, *City Engineer.*

2. That the above resolution of July 6th, 1908, regarding the construction of porticos, be re-endorsed.

3. That the request of Dr. J. H. Bell for permission to erect porticos on Clergy street West, fronting houses Nos. 22 and 24, be not granted in accordance with the said resolution.

4. That in the opinion of the members of the Council assembled in regular meeting, expressed by two-thirds vote of the members present, it is desirable in the public interest that concrete walks be constructed in the public streets as local improvements as contained in the attached Schedule, and that 60 per cent. of the total cost thereof be assessed against the assessable properties abutting thereon, and that the estimates and report of the City Engineer be adopted:

SCHEDULE.

Street.	From.	The estimated cost of total improvements.	Portion of the estimated cost to be provided by the Municipality.
Alfred, west side,	Earl to Union	$687 00	$687 00
Frontenac, west side,	York to southerly limit lot 577, 1 e. 66'	74 70	74 70
Plum, south side,	Barrie to Chestnut	336 60	185 11
Raglan Road, south side,	Division to Vine	218 20	117 52

5. That tile sewers be constructed in the streets as set out in the attached schedule on sanitary grounds under the Local Improvement Plan and upon the recommendation of the Local Board of Health, and that the estimates and report of the City Engineer be adopted:—

Wellington Street—From a point 198 feet south William street, thence northerly to the tile sewer in William street; total cost, $223.50; portion to be borne by municipality, $128.77.

Sixth Street—From a point 189 feet west Division street, thence west 384 feet, to connect with the North street sewer crossing Sixth street; total cost, $574.50; portion to be borne by Municipality, $114.00.

Respectfully submitted,

(Signed) C. J. GRAHAM, *Chairman,*
Objecting to clauses 2 and 3.
FRANK J. HOAG,
R. H. TOYE,
D. A. GIVENS,
ROBT. J. FREE,
Objecting to clauses 2 and 3.

Moved by Ald. Graham, seconded by Ald. Toye, (6) that the report of the Board of Works be received and adopted with clauses 2 and 3 taken out.—Carried.

Water Works.

Ald. Craig presented report No. 55 from the Committee on Water Works as follows:

June 14, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Water Works beg leave to report and recommend as follows:

1. That the petition of John C. Hunter for a water supply to his premises, Patrick street, between Markland street and Raglan road, be granted.

2. On the communication of James Compton, asking for permission to use hose at hours outside of those prescribed by By-law, as he has a number of lawns to care for and difficulty in giving them the necessary supply of water within the limited hours, that the By-law be amended to allow persons whose business it is to take care of lawns, to use water at any time according to their discretion, on the following terms, viz.:—4 to 8 places, $3 per year; 8 to 15 places, $5.00 per year; and that a permit be issued in accordance herewith.

Respectfully submitted,

(Signed) W. G. CRAIG, *Chairman,*
WM. R. CLUGSTON,
R. H. TOYE,
FRANK J. HOAG,

Moved by Ald. Craig, seconded by Ald. Clugston, (7) that the report of the Committee on Water Works be received and adopted. —Carried.

Fire and Light.

Ald. Robertson presented report No. 56 from the Committee on Fire and Light as follows:

Kingston, June 18th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light beg leave to report and recommend as follows:

1. That John Elmer, Deputy Chief, be allowed two months' leave of absence, the date to be determined by the Chairman.

2. That the Committee on purchasing horses be authorized to incur any reasonable expense necessary to employ a man to go outside of this district to purchase horses.

Respectfully submitted,

(Signed) W. G. CRAIG, *Chairman,*
H. N. ROBERTSON,
H. ANGROVE,
GEO. Y. CHOWN,
W. F. NICKLE,

Moved by Ald. Robertson, seconded by Ald. Craig, (8) that the report of the Committee on Fire and Light be received and adopted.—Carried.

Light, Heat and Power.

Ald. Elliott presented report No. 57 from the Committee on Light, Heat and Power as follows:

June 15th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Light, Heat and Power beg leave to report and recommend as follows:

1. That tenders be called for cast iron pipe required for gas main extensions, and that the matter be left to the Chairman with power to act.

2. That two dozen regular 3-light gas meters be repaired and altered to prepays at a price not exceeding $5.00 per meter.

3. That gas mains be installed upon the following streets:
John St., from Montreal St. to Patrick St.
Charles St., from Montreal St. to Patrick St.
Pine St., from Cherry St. to Patrick St.,
these sections having obtained the required number of signatures.

4. That the tender of James Sowards for 1,500 tons, more or less, or the requirements of one year of hard coal screenings, be accepted at a price of $2.69 per ton of 2,000 lbs., delivered in our yard as designated; and that the tender of R. Crawford for 1,500 tons, more or less, or the requirements of one year of bituminous coal screenings, be accepted at a price of $3.04 per ton of 2,000 lbs., delivered in our yard as designated, and that the tender of R. Crawford for 1,000 tons, more or less, or the requirements of one year of Buck Mountain coal, be accepted at a price of $5.83 per net ton of 2,000 lbs., delivered in our bins as specified.

5. That the Light, Heat and Power Committee be empowered to call for tenders and award contract for general supplies, also material required for repairs, alterations and extensions in connection with the new work and also to call for tenders and award contracts for the year's supply of gas oil.

Respectfully submitted,

(Signed) R. F. ELLIOTT, *Chairman,*
H. ANGROVE,
J. CARSON,
JOHN McKAY,
WM. McCARTNEY,

Moved by Ald. Elliott, seconded by Ald. Angrove, (9) that the report of the Committee on Light, Heat and Power be received and adopted.—Carried.

Industries.

Ald. McCann presented report No. 58 from the Committee on Industries, as follows:

Kingston, June 21st, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Industries Committee begs leave to report on the following communication, referred to them by His Worship, Mayor Couper:—

Toronto, June 7th, 1909.

A special committee of the City Council of Toronto in conjnuction with several local organizations including the Board of Trade, Manufacturers' Association, Trades and Labor Council and others, has been appointed with the object of urging upon the Government the early deepening of the Welland canal. I was instructed to communicate with your municipality on the subject and ask your cooperation in the matter. It has been suggested that a permanent organization composed of Municipalities, Boards of Trade, together with representative business men of the ports on Lake Ontario, be formed to carry on this project.

I would like to have your opinion of this matter, and if it is found advisable to do so a meeting for organization may be held later. In the meantime I would be obliged if your organization has already taken up the matter and passed any resolutions along these lines, if you would forward copies of same to me; if not, and you thought advisable to bring the matter before your Board, I would be glad of your opinion; furthermore, I would like to have your personal views on the subject.

According to a special despatch of the *Globe* of this date, pressure is being brought upon the Government to start the Georgian Bay Canal. It is of the utmost importance that the Welland Canal and the St. Lawrence route be not neglected.

The Civic Committee of this City will meet at the City Hall, Thursday, June 17th, at 3 p.m.. Any representatives would be gladly welcomed, if it is convenient to attend. We propose arranging for a conference with the Dominion Government on the subject and hope to have the active and valued assistance of your Board in this matter.

(Signed) JOS. E. THOMPSON,
Commissioner of Industries and Publicity.

(1) Your Committee felt that the question was of such vast importance to Kingston, that this Corporation should be represented at the meeting, and your Chairman was requested to, and did attend.

(2) There were in attendance representatives from the Corporation and Board of Trade from Toronto, Hamilton, St. Catharines. Mr. H. W. Richardson, President Board of Trade, and Francis King, Secretary Marine Association, were among the most important members of the delegation and were well posted on the subject.

(3) It was explained by the Chairman that in order to accomplish the early improvement of the Welland Canal it was necessary to organize and select a strong delegation consisting of one representative from the Civic Corporation and one from the Board of Trade from each city and town from Winnipeg to Prescott in order to counteract the strong fight being put up by the advocates of the Georgian Bay scheme.

Some of those present were in favor of pressing for the enlargement of the St. Lawrence Canal as well, but the arguments advanced against this more extensive plan was so pronounced, it having been shown how much more advantageous it was to tranship at Kingston and Prescott, that it was decided to advocate the Welland only.

Respectfully submitted,

(Signed) J. S. R. McCANN, *Chairman,*
R. F. ELLIOTT,
W. F. NICKLE,

Moved by Ald. McCann, seconded by Ald. Elliott, (10) that the report of the Committee on Industries be received and adopted.—Carried.

BY-LAWS.

Ald. Graham presented By-law No. 31. The By-law was read a first time ,and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. McKay in the chair, and was signed and sealed as follows:

Division on the third reading of the By-law was as follows:

Yeas—Mayor Couper, Ald. Angrove, Chown, Carson, Craig, Clugston, Elliott, Free, Givens, Graham, Hanley, Hoag, McCann, McCartney, McKay, Robertson, Toye, Tweddell (18).

BY-LAW NO. 31.

A By-law to authorize the construction of Cement or Concrete Sidewalks in the streets and parts of streets, set out in the schedule hereto annexed, in the City of Kingston, as local improvements under the provisions of the Municipal Act in that behalf.

Passed June 21st, 1909.

WHEREAS in the opinion of two-thirds of all the members of this Council it is desirable in the public interest that cement or concrete sidewalks should be laid down on the streets and parts of streets in the City of Kingston severally set out in the schedule hereto annexed, as local improvements under the provisions of the Municipal Act.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston by an affirmative vote of three-fourths of the members thereof, as follows:

1. Cement or Concrete sidewalks shall be forthwith constructed by this Council as local improvements under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in section 6, on the said streets and parts of streets mentioned and described in the schedule to this By-law hereto annexed, which said sidewalks shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sidewalks, except as aforesaid, and the interest on the temporary loans hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said several improvements, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of the said several improvements as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law: but to enable this Council to avoid the necessity of making a supplementary assessment in any case, or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of the said several improvements has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in Section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies, cor-

porate, willing to lend the same such sum or sums as may be necessary to meet the cost of the said several improvements.

4. Upon the completion of the said several improvements and the ascertainment of the exact cost of each of the same, the City Engineer shall in respect of each of said improvements make measurements of the frontages of the real property exempt from taxation and the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate in respect of each of the said several improvements, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statements, take the neecssary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of the said several improvements the City Engineer shall ascertain their exact cost exclusive of the interest on the temporary loan or loans, aforesaid, and the part of such cost to be provided by this Council in respect of each such improvement, shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of each such improvement having been added to the balance thus obtained in each case the said special assessment after the said several statements have been finally revised, shall be made for the said several amounts; and to repay the said several temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said several special assessments and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary By-laws shall be passed for the said purpose.

6. The Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of the said several improvements and also the cost of that part of the said sidewalks which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of said sidewalks which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

(Signed) D. COUPER, *Mayor*,

[L.S.]

W. W. SANDS, *City Clerk*.

BY-LAW NO. 32, 1909.

A By-law to authorize the construction of a common sewer in a part of Sixth Street, in the City of Kingston, as a local improvement under the provisions of the Municipal Act in that behalf.

Passed June 21st, 1909.

WHEREAS the Council of the Corporation of the City of Kingston has received a recommendation from the Board of Health of the said City, for the construction of a common sewer under the provisions of the "Municipal Act" in that behalf, and under the powers conferred by Section 668, Sub-section 4 of "The Municipal Act" in Sixth Street, from a point 189 feet west of Division Street, thence westerly 384 feet to the North Street sewer, in the City of Kingston, and the said Council has by a vote of two-thirds of all the members of the said Council at a regular meeting of the said Council, affirmed that it is desirable and necessary in the public interest, to construct the said sewer for the purpose of draining the said locality for sanitary and drainage purposes, as a local improvement to be paid for by special assessment of the real property immediately benefited by the construction of the said imporvement.

AND WHEREAS it is expedient to construct the said improvement as recommended by the said Board of Health and the City Engineer.

AND WHEREAS the estimated cost of the said improvement, including interest on the temporary loan hereinafter mentioned is

$574.50, part of which cost, $114.00, is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in Section 4 and the remainder is to be assessed on the real property immediately benefited and assessable, but it is deemed advisable to defer making the final special assessment for the part of the cost of the said improvement including interest on the temporary loan hereinafter mentioned to be levied for by such assessment on the real property immediately benefited by said improvement liable to be assessed therefor as aforesaid until the exact cost of the said improvement including said interest has been ascertained after its completion, when the said estimated cost, the proportion thereof to be provided by the Municipality at large, and the proportions thereof to be assessed on the various portions of real estate so benefited as aforesaid, shall be adjusted in accordance with the said exact cost.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, and under the authority aforesaid to be paid for by a special assessment of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 4 in the said part of Sixth Street hereinbefore in the recital to this By-law mentioned and described, which said Sewer shall have a sectional area of 63.4 square inches and shall be constructed according to the plans and specifications for the same prepared or to be prepared by the said City Engineer and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer except as aforesaid, and the interest on the temporary loan hereinafter mentioned and meet the interest and principal of the debentures to be issued for the same as hereinafter mentioned in Section 3, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said improvement and liable to be assessed, according to the frontage of the said property for a period to be hereafter determined, but within the probable life of the said improvement as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law, but to enable this Council to avoid the necessity of making a second or additional assessment or a refund in case of an over-assessment, such assessment shall not be finally made until the exact cost of the said improvement has been ascertained after its

completion and in the meantime a temporary loan shall be effected by the Mayor and City Treasurer to meet such cost, except as aforesaid, as provided by law in such cases.

3. Upon the completion of the said improvement the City Engineer shall ascertain the exact cost of the same exclusive of the interest on the said temporary loan and the part of such cost to be provided by this Council out of the general funds of the Municipality or by a loan as mentioned in Section 4, shall be deducted therefrom and the interest on the temporary loan being added to the balance thus obtained the said final special assessment shall be made on the real property immediately benefited by the said improvement for the said amount by an annual special frontage rate on the said real property as aforesaid and to repay the said temporary loan and interest, the said amount consisting of the said balance and the interest on the said temporary loan aforesaid, shall be raised or borrowed upon the debentures of this Corporation which shall be issued on the security of the said special assessment and rate and may be further guaranteed by this Council if it sees fit as provided by law, and the necessary By-laws shall be passed for the said purposes.

4. This Council shall provide out of the general funds of the Municipality or by a loan to be raised upon debentures issued for the purpose as authorized by law, the cost of all culverts and other works necessary for Street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer which is incurred at and is chargeable in respect of Street intersections, and also one-half of the cost of that part of the sewer done or made opposite real property, if such property is but on one side of it, which by any general or special Act is exempt from special or local assessment, and also the cost of the whole of that part of the said sewer done or made opposite real property if such property is on both sides of it which is so exempt from special or local assessment.

5. This By-law shall come in force and take effect on its passing.

SCHEDULE.

THIS INDENTURE made in triplicate this 28th day of June, one thousand nine hundred and nine.

BETWEEN

THE BELL TELEPHONE COMPANY, OF CANADA, LIMITED, hereinafter called the "Company," PARTY OF THE FIRST PART,

AND

THE CORPORATION OF THE CITY OF KINGSTON, hereinafter called the "City," PARTY OF THE SECOND PART.

WHEREAS by the Consolidated Municipal Act, 1903, Section 331, it is amongst other things provided:—

"The Council of every City, Town and Incorporated Village may pass By-laws granting from time to time to any telephone company, upon such terms and conditions as may be thought expedient, the exclusive right within the Municipality, for a period not exceeding five years at any one time, to use streets and lanes in the Municipality, for the purpose of placing in, upon, over, or under the same, poles, ducts and wires for the purpose of carrying on a telephone business, and may on behalf of the Municipal Corporation enter into agreements with any such company not to give to any other company or person for such period any license or permission to use such streets or lanes for any such purpose, but no such By-law shall be passed, nor shall any such agreement be entered into without the assent of two-thirds of the members of the Council of the Municipality being present and voting therefor."

AND WHEREAS the Company has made certain offers of compensation for the privilege hereinafter more particularly mentioned, and which offers have been accepted by the City:

NOW THIS INDENTURE WITNESSETH, THE CITY AGREES THAT—

1. It will not, during the period of five years from the 1st day of July, one thousand nine hundred and nine, give to any person, firm or company other than the Bell Telephone Company of Canada,

Limited, any license or permission to use any of the streets or public lanes of the City, for the purpose of placing in, upon, over or under the same, any poles, ducts or wires, for the purpose of carrying on any telephone business.

2. It will permit the Company to erect, under the supervision of the City Engineer, poles of as much greater height than forty feet above the street as may be necessary in place of the Company's present smaller poles, and also to erect under the same supervision at other points in the City similar higher poles wherever the erection of such higher poles is necessary for the purposes of the Company, and will also permit the Company, under the supervision of the City Engineer to place such ducts and wires underground as may be necessary, and erect such additional small poles on the less prominent streets of the City, and also in the public lanes of the City, where it is found advisable, and will not interfere with the public right of travel on, or use of the same.

THE COMPANY AGREES that during the term of this agreement:

3. Before commencing any of the work of laying and constructing said conduits or ducts and manholes through and under the streets of the City, the Company shall file with the City Engineer of said City plans and specifications showing in detail, as required by the City Engineer, the work proposed to be done by the Company, and the Engineer shall without delay inform the Company of his approval of or objection to the plans.

4. All the work in and about the laying and construction of said underground conduits, ducts and manholes, including the excavation and refilling of the street, restoration of the street surface shall be done at the sole cost and expense of the Company.

5. All the work in and about the laying and construction of the said underground conduits and ducts and manholes, shall be done in such a way as not to interfere with any of the City drains or sewers, or any gas or water main or pipe, or any work, erection or structure lawfully in, on or under said street, and in case such drains, sewers, gas or water main or pipe or work, structure or erection is disturbed by the work of laying and constructing said underground conduits or ducts and manholes, the thing so disturbed shall be forthwith restored by the Company as directed by the City Engineer of said City, or by the Engineer of the owner of such thing so disturbed, and the Company shall pay all loss and damage resulting from such disturbance.

6. No more than one thousand feet of street shall be opened at one time, except on the written permission of the City Engineer first obtained in writing, and after a street has been opened, the work of laying and constructing said underground conduits or ducts and

manholes and making up and restoring the street surface, shall be carried on and completed with all reasonable despatch.

7. Where the Company has opened a street under permission granted by this agreement, it shall in all cases, when such underground work has been completed, make up and restore the street surface to the satisfaction of the City Engineer, and in case the Company fails to do so after three days' notice by the City Engineer to the Company the City may make up and restore the street as nearly as possible to the condition in which it was before the Company commenced work, and the City may recover from the Company, the cost incurred by the City in so making up and restoring the street.

8. The Company shall observe the provisions of the existing By-laws of said City, while acting under the permission hereby granted.

9. The Company shall be liable for all damages arising out of the construction, maintenance and operation of said conduits or ducts and manholes, and shall save and keep harmless and indemnified, the City from all actions, suits, claims, damages and demands which may arise or be brought or recovered against the City by reason of anything done by the Company under the permission granted by this agreement, or in consequence of the construction, maintenance or operation of said conduits or ducts and manholes.

10. The Company will pay to the City the sum of seven hundred dollars per annum from the first day of July, one thousand nine hundred and nine, in equal quarterly payments of one hundred and seventy-five dollars each, the first of such payments to be made on the first day of October, one thousand nine hundred and nine, and thereafter on the first day of January, April, July, and October.

11. The Company will furnish to the City local telephone service on the business of the City (by means of long distance wall style telephone sets to the maximum number of sixteen, located within the corporate limits of Kingston), with its Kingston exchange subscribers, at a rent of twenty dollars per annum per set, all sets in excess of the sixteen referred to above to be paid for at the Telephone Company's regular rate.

12. The Company will furnish to the City, free of charge, as called for by the City, the use of two pins on a cross-arm on any pole now erected, or which may hereafter be erected or replaced, for two wires for fire alarm purposes.

13. The Company will provide an efficient telephone service in the City of Kingston and use the most modern appliances, and that it will not from the date of execution of this agreement, increase its present rates charged to subscribers in the City of Kingston having Blake equipment; nor charge a rental of more than twenty-five dol-

lars per annum for local service on an individual circuit, for long distance wall type telephone sets used in private dwelling houses and for no other purposes, and situated within the corporate limits of the City of Kingston; or on a party line, with two parties thereon (wherever two parties can be obtained therefor in the same locality) not more than eighteen dollars per annum each for long-distance wall telephone sets; nor more than thirty dollars per annum for local service for long distance wall telephone instruments on an individual circuit used in offices or places used for business purposes and situated within the corporate limits of the City of Kingston.

14. In erecting and moving its poles, it will not cut down or mutilate any trees, without first obtaining consent of the owner thereof.

15. It will, besides erecting the said poles under the supervision of the City Engineer, erect them in accordance with the provisions of the Company's Act of Incorporation and also in accordance with the provisions of the Revised By-laws of the City of Kingston, respecting telephone and telegraph poles and wires, and the said poles shall be in accordance with the provisions of the said Act and said provisions of said By-laws, and shall be painted in accordance with the said provisions, both the poles now erected and to be erected, and the poles replacing other poles, provided always that the said poles may be erected higher than forty feet above the surface of the street as aforesaid.

16. If an electric system is adopted for any Railway or Railways running through the streets of the City, the Company shall have no claim against the City for damages on account of interference with the working of the telephone by reason of induction.

17. It is agreed by and between the parties that if at the expiration of the said period of five years this agreement is not renewed or a new agreement entered into by the parties, that then the relation between them and their respective rights and obligations shall from henceforth be as if this agreement had never been entered into by them.

18. The foregoing agreement is subject to this condition and proviso, that in the event of the Board of Railway Commissioners of Canada ordering a change or changes in telephone rates affecting

the said City of Kingston, either party hereto may terminate this agreement by giving to the other of them one month's notice in writing.

IN WITNESS WHEREOF the parties have hereunto set their common seals and the hand of the President of the Company and the hand of the Mayor of the City.

Signed, sealed and delivered,
in presence of

D. COUPER, *Mayor.*
[L.S].
W. W. SANDS, *City Clerk.*

Board of Works.

Ald. Graham presented report No. 63 from the Board of Works as follows:

Committee Room, Kingston, July 5th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Board of Works begs leave to report and recommend as follows:

1. That in the opinion of the members of this Council assembled in regular meeting, expressed by a two-thirds vote of the members present, that it is desirable in the public interest that concrete walks be constructed as local improvements on the streets mentioned

in the schedule herewith submitted, and that 60 per cent of the total cost thereof be assessed against the assessable properties abutting thereon, and that the City Engineer's estimates for the said walks be adopted.

SCHEDULE.

Corrigan St., north side, from Bagot St. easterly 215 ft. 6 in. Estimated total cost, $174.80; portion to be borne by Municipality, $100.11.

York St., south side, from Frontenac St. to Alfred St. Estimated total cost, $314.00; portion to be borne by Municipality, $267.80.

2. On the communication of His Worship the Mayor, dated June the 22nd, regarding the bad condition of some of the City roadways, that it would be advisable to put on more patchers for the purpose of repairing said roadways, and that the Finance Committee be instructed to provide $2,000 for this purpose.

3. Your Committee having been authorized to negotiate with the property owners of Sydenham Lane and adjacent property for the purchase of the land required for the extension of Sydenham St. from Johnson St. to Brock St., would respectfully draw the attention of Council to the advisability of being also authorized to negotiate with the property owners concerned for the opening up of said Sydenham St., between Brock St. and Princess St. Your Committee would also direct your attention to the fact that the present is likely the most opportune time to get the latter extension through, as the work of reconstruction now being started in the line of said extension will probably, once it is well under way, effectually prevent its being opened up as a thoroughfare for many years to come.

Light, Heat and Power.

Ald. Elliott presented report No. 64 from the Committee on Light, Heat and Power, as follows:

Kingston, July 5th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Light, Heat and Power begs leave to report and recommend as follows:

Regarding the communication of John L. Whiting, K.C., referred by Council to this Committee.

1. That the Committee on Light, Heat and Power be authorized to submit for inspection to a representative of the Street Railway Co., the manager's report in detail and any other information and data on file in the office regarding the cost of producing power to operate the Street Railway, and that any and all costs in connection therewith be paid by the Street Railway Co.

2. That the Communication of the Street Railway Co., regarding the purchase of the road, be referred back to Council as, in the opinion of this Committee, it does not come under our jurisdiction.

BY-LAW No. 36, 1909.

A By-law to raise by way of loan the sum of $7,000 for the purposes herein mentioned.

Passed July 5th, 1909.

WHEREAS the Board of Education for the City of Kingston has applied to this Council to issue debentures of this Corporation for the purpose of raising the sum of $7,000, required by the said Board of Education for a permanent improvement, to wit., the erection of a gymnasium;

AND WHEREAS it is expedient to grant the said application and to pass this By-law authorizing the issue of debentures of the Corporation of the City of Kingston to the amount of $7,000 in order to raise the said sum for the purpose aforesaid;

AND WHEREAS the amount of the debt which this By-law is intended to create is $7,000 and the object for which it is to be created is to enable the said Board to carry out its purpose as herein mentioned;

AND WHEREAS the total amount required to be raised annually by special rate for paying the said debt and interest is the sum of $516;

AND WHEREAS the whole rateable property of the Municipality of the City of Kingston, liable to be rated for high school purposes according to the last revised Assessment Roll, being for the year 1909, is $8,600,450;

And Whereas the amount of the existing debenture debt of the Municipality, exclusive of local improvement debts secured by special acts, rates or assessments, is $1,082,720.21, for which the whole rateable property of the Municipality amounting to $8,600,450 according to the said Assessment Roll, is liable to be rated, and no part of the principal or interest of said debenture debt is in arrear;

Be it Therefore Enacted by the Council of the Corporation of the City of Kingston as follows:

1. The application of the Board of Education above recited is hereby granted.

2. It shall be lawful for the Mayor of the City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, the said sum of $7,000, and to cause the same to be paid into the hands of the Treasurer of the said Board of Education or otherwise, as the Board may direct for the purpose of the said Board hereinbefore mentioned.

3. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $7,000, for the purpose of the said loan, and the said debentures shall be sealed with the seal of this Corporation and shall be signed by the said Mayor and countersigned by the Treasurer of this Corporation.

4. The said debt shall be payable by annual instalments within twenty years from the first day of July, 1909, which shall be the date of the issue of the said debentures therefor, at the office of the City Treasurer in the said City, and such instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of the said period of twenty years, and the said debentures shall be issued accordingly and shall have attached to them coupons signed by the Treasurer of the said Corporation for the payment of interest thereon as hereinafter provided.

5. The said debentures shall bear date the first day of July, 1909, and shall bear interest at and after at the rate of four per centum per annum from the date thereof, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the City Treasurer in the said City.

6. For the purpose of paying the said debt and the interest to become due thereon an annual sum of $516 shall be raised in each year of the said period of twenty years by a special rate sufficient therefor to be raised, levied and collected in each year as aforesaid

upon all the rateable property in the said Municipality liable to be rated for a high school rate or for high school purposes, during the continuance of the said debentures or any of them.

7. This By-law shall come in force and take effect on its passing.

8. By-law No. 27, 1909, is hereby repealed.

RULES AND REGULATIONS TO PROVIDE FOR THE ORGANIZATION AND MANAGEMENT OF THE FIRE DEPARTMENT OF THE CITY OF KINGSTON.

WHEREAS it has been found necessary to make rules and regulations for the organization and management of the Fire Department of the City of Kingston, therefore the Municipal Council of the Corporation of the City of Kingston enacts as follows:

SECTION 1.—The Chief of the Department shall be the head of the uniformed force of the Department, and is charged with the duty of preventing and extinguishing fires, and of protecting property from damage by water used at fires.

SECT. 2. He shall have control and direction of the Department, and be responsible to the Committee on Fire and Light for its proper management.

SECT. 3. All other officers and members of said Department shall be appointed by him.

SECT. 4. All officers and members who shall be employed in said Department shall be subject to such rules and regulations and shall perform such duties as shall be prescribed or required of them by the said Chief.

SECT. 5. The Chief shall have full control of the Organization, government and discipline of the Fire Department and all persons employed therein, and he may prescribe and establish from time to time such rules and regulations as he may deem advisable relating thereto.

SECT. 6. He shall have the custody, subject to the directions of the Committee on Fire and Light, of the engines, hose, wagons, trucks, ladders, horses and all other property and equipments belonging to the Fire Department.

SECT. 7. He shall enquire into the cause of all fires which may occur in the City as soon as possible after they occur and shall keep a record of all such investigations in his office.

SECT. 8. He shall, on or before the 31st day of December in each year submit to the Committee on Fire and Light, a full report of the condition and efficiency of the Department, giving in detail the position, location, and date of appointment of each member of the force, and a detailed statement of the apparatus, equipment, appliances, horses, surplus stores, and other property of the Department.

SECT. 9. He shall at the same time make a report of all fires that may have taken place in the City during the preceding calendar year, with the causes thereof as fully as they can be ascertained;

the number and description of buildings destroyed and injuries in connection with such fires, together with the names of the owners and occupants and of all accidents occurring to employees of the Department.

SECT. 10. The Chief shall make suitable regulations under which the officer and members of the Department shall be required to wear some appropriate uniform and badge, by which, in case of fire and at other times, the authority and relations of such officers and members may be known.

SECT. 11. The Chief shall determine all cases of violation of any rule, regulation, or order, of the Department, or other breaches of discipline, and shall have power to punish the offending parties by reprimand, forfeiture, withholding pay for a specified time, or dismissal from the Department.

SECT. 12. If any charges are made against any member of the Department, the Chief may suspend any such member from duty, until such charges have been investigated.

SECT. 13. The Chief shall report to the Committee in writing all appointments, promotions, transfers, suspensions, dismissals and other changes in the personnel, or distribution of the force; all changes in the apparatus and equipment, and the location thereof; details of all cases of breach of discipline in the force, without giving the names of the offenders, and generally all important matters of public interest relating to the Department.

SECT. 14. He shall keep a full and complete record of all transactions in the said Department of complaints against members, and all property placed in his charge, and such other books and records as the business of the Department may require.

SECT. 15. He shall prepare on or before the first day of..... in each year an estimate of the whole cost and expenses of providing for and maintaining the Fire Department of the said City during the current year, which estimate shall be in detail, and shall be laid before the Committee on Fire and Light.

SECT. 16. The Chief, or Assistant Chief, or other officer in command may prescribe limits in the vicinity of any fire within which no person except those residing therein, firemen and police, and those admitted by order of any officer of the Fire Department, shall be permitted to come.

SECT. 17. The Chief, Assistant Chief or other officer in command at any fire shall have the power to cause the removal of any property whenever, in their judgment, it shall become necessary for the preservation of such property, or to prevent the spreading of fire or to protect the adjoining property.

SECT. 18. The Chief, Assistant Chief or other officer in command may order the cutting down or removal of any building, erection or fence for the purpose of checking the progress of any fire.

ASSISTANT CHIEF.

SECT. 1. There shall be an Assistant Chief who shall perform such duties as the Chief may require and in the absence of the Chief shall perform all his duties.

SECT. 2. He shall be constantly on duty at his headquarters, except when necessarily called elsewhere on department business or when on leave of absence.

SUPERINTENDENT OF FIRE ALARM TELEGRAPH.

SECT. 1. The Chief shall appoint one of the members of the Department as Superintendent of Fire Alarm Telegraph, who shall, subject to the Chief of the Department, have charge of all apparatus, instruments, batteries, alarm boxes, and wires belonging to or connected with the said system, and he shall see that the same are kept in good working order and promptly repaired when out of order, and shall test all alarm boxes and instruments at least once in two months.

SECT. 2. He shall promptly report to the Chief of the Department any interruption in the working of the lines or apparatus whereby there may be a delay in giving or receiving an alarm of fire; in such report he shall state what amount of delay, if any, will probably occur in repairing the same, and when it is repaired he shall see that the Chief of the Department has notice of the fact.

CAPTAINS OF STATIONS.

SECT. 1. One member in each station shall be appointed to the position of Captain, and subject only to orders issued by the Chief or Assistant Chief, shall have full control of the station, apparatus, horses, and all other property belonging to the Department in or around said station.

SECT. 2. He shall be held responsible for the work and conduct of all members who may from time to time be assigned to duty at said station.

SECT. 3. They shall promptly report to the Chief or Assistant Chief any incapacity, neglect of duty, disobedience of orders, given by a superior in rank, or the violation of any rule, regulation or order of the Chief, which may occur in their respective stations.

SECT. 4. They shall not allow the appartus to be driven at a rate of speed which may cause accidents, and shall use every pre-

caution when turning corners and crossing railway and street car tracks, so that accidents may be averted.

SECT. 5. Racing to or from fires will not be allowed under any circumstances, and if two or more apparatus proceed on the same street, to or from a fire, they shall do so in single file.

SECT. 6. They shall not allow any person, other than members of the department, to ride upon any apparatus in going to or returning from fires.

SECT. 7. They shall promptly report to the Chief all accidents that occur in going to or returning from a fire or while exercising their horses; also report any accident to members of their stations, stating the cause and nature of such accidents.

SECT. 8. It shall be their duty in their respective stations to at all times preserve order and discipline, require and enforce strict compliance with the rules and regulations of the Department and the orders of the Chief, to see that the engines, hook and ladder trucks, hose wagons, etc., committed to their care, are in good order and repair for immediate use at all times; to see that the buildings, furniture and fixtures are kept neat and clean and that the personal habits of the men are clean and wholesome.

SECT. 9. It shall be their duty to keep themselves familiar with the location of all fire hydrants in order to determine the best manner in which the apparatus can be brought into service at fires without delay.

SECT. 10. They shall not allow more than one hour for each meal for each member of their respective stations, and shall see that all the men have time for their meals as regularly as circumstances will permit. They shall also so regulate meal hours that there will always be available for fire duty a sufficient number of men to properly mann and operate the apparatus.

SECT. 11. They shall not be absent from duty except at meal hours and regular furloughs without the permission from their superior officer.

SECT. 12. They shall see that the drivers and others do their full duty to the horses under any and all circumstances.

SECT. 13. They shall see that all horses are taught to quickly take their places at the pole on the sound of the gong.

SECT. 14. They shall report to the Chief after each alarm the number of men that left the station with the apparatus, and the number on duty at the fire or alarm, the absentees accounted for by name and the cause of absence stated.

SECT. 15. They shall perform such other duties as may from time to time be assigned to them by a superior officer.

SECT. 16. It shall be the duty of the person appointed to act in the absence of the Captain, to assume all his functions and responsibilities; and when the Captain is present, to promptly, cheerfully and properly assist him in the performance of his duties.

LEAVE OF ABSENCE.

SECT. 1. BY-LAWS.

Ald. Graham presented By-law No. 37. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Craig in the chair, and was signed by the Mayor and sealed as follows:

The third reading was carried on the following division:

Yeas—Mayor Couper, Ald. Angrove, Carson, Chown, Craig, Clugston, Elliott, Free, Givens, Graham, Hanley, Harty, Kent, McCartney, McKay, Nickle, Rigney, Robertson, Tweddell.

BY-LAW No. 37.

A By-law to authorize the construction of Cement or Concrete Sidewalks in the streets and parts of streets, set out in the schedule hereto annexed, in the City of Kingston, as local improvements under the provisions of the Municipal Act in that behalf.

Passed July 12th, 1909.

WHEREAS in the opinion of two-thirds of all the members of this Council it is desirable in the public interest that cement or concrete sidewalks should be laid down on the strets and parts of streets in the City of Kingston severally set out in the schedule hereto annexed, as local improvements under the provisions of the Municipal Act.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. Cement or Concrete sidewalks shall be forthwith constructed by this Council as local improvements under the provisions of the said Act to be paid for by several special assessments of the real property immediately benefited therby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in section 6, on the said streets and parts of streets mentioned and described in the schedule to this By-law hereto annexed, which said sidewalks shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sidewalks, except as aforesaid, and the interest on the temporary loans hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said several improvements, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of the said several improvements as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law: but to enable this Council to avoid the necessity of making a supplementary assessment in any case, or a refund in case of an over-assessment in any

case, such assessment shall not be finally made until the exact cost of the said several improvements has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in Section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies, corporate, willing to lend the same such sum or sums as may be necessary to meet the cost of the said several improvements.

4. Upon the completion of the said several improvements and the ascertainment of the exact cost of each of the same, the City Engineer shall in respect of each of said improvements make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate in respect of each of the said several improvements, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open for inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statements, take the necessary proceedings for the revision of the same by the Court of revision, and by the County Judge in case of appeal.

5. Upon the completion of the said several improvements the City Engineer shall ascertain their exact cost exclusive of the interest on the temporary loan or loans, aforesaid, and the part of such cost to be provided by this Council in respect of each such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of each such improvement having been added to the balance thus obtained in each case the said special assessment after the said several statements shall have been finally revised, shall be made for the said several amounts; and to repay the said several temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said several special assessments and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary By-laws shall be passed for the said purpose.

6. The Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of the

said several improvements, and also the cost of that part of the said sidewalks which is incurred at or is chargeable in respect of street intersections, and also the cost of that part of said sidewalks which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

SCHEDULE A.

Memorandum of Agreement made this 12th day of July, A.D. 1909.

BETWEEN.

THE CORPORATION OF THE CITY OF KINGSTON of the First Part,

and

THE CORPORATION OF THE COUNTY OF FRONTENAC of the Second Part.

WITNESSETH,—

WHEREAS the said parties did by agreement dated 2nd July, 1908, contract with reference to the maintenance of the County poor in the House of Industry in the said City as in said agreement set forth.

AND WHEREAS it is expedient to amend the said agreement as hereinafter set forth:

NOW THIS AGREEMENT WITNESSETH that the said parties agree that paragraph 3 of the said agreement shall be struck out and in lieu thereof the following shall be substituted as paragraph 3:

"3. The applicant for admission shall be medically examined by some physician on behalf of the County and to be appointed by resolution of the Council, and such physician shall certify that he (or she, as the case may be), is eligible for residence in the institution, being sane, free from contagious or infectious disease. The physician to visit the institution weekly, and report in writing to the Secretary upon the condition of the County poor; to answer the calls of the superintendent of the refuge for attendance upon the sick; to treat them for minor illnesses in the institution, and, if seriously ill, to provide for their removal to an hospital; and to be reimbursed for his service by the County Council according to such arrangement as it may make with him."

IN WITNESS WHEREOF the said parties hereto have executed this agreement by affixing thereto their several common seals and by the Warden and County Clerk of the County and the Mayor and the City Clerk on behalf of the City setting thereto their several hands the day and year first above written.

The Council now adjourned for want of a quorum, at 10.30 p.m.

The original motion was then carried, as amended, with Ald. R. F. Elliott's name added to the Garbage Committee.

Board of Works.

Ald. Graham presented report No. 78 from the Board of Works as follows:—

September 23rd, 1909.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That a committee consisting of the Mayor, two members of the Board of Works and the City Engineer be authorized to visit

certain places in Ontario with a view of examining the various types of permanent pavements in use in such places, and of recommending to council certain types of pavements as being most suitable for Kingston's business district, and that the Finance Committee be asked to provide the necessary funds.

2. On the recommendation of the City Engineer that By-law No. 21, clause 42, be amended by striking out the present clause, and inserting the following, viz.:—

"Hereafter no chimney shall be built in the city, of stone, with walls less than 8 inches in thickness, or if of brick, with walls less than half brick or 4½ inches thick, nor shall the top of any chimney be lower than 4 feet above the roof at point of contact, if a flat roof, or at least 2 feet above the edge of a pitched roof, and in no case shall a smoke flue be less than 9 inches square inside."

3. On the communication of Mrs. B. Chambers, Wellington street, asking to have assessment for sewer entry, struck off, that on the advice of the City Engineer, no action be taken.

4. On the communication of S. Connoly, asking to have two trees cut down, fronting his residence on Pine street, that it be referred to the Chairman and City Engineer with power to act.

5. On the communication of W. A. Spriggs, asking permission to erect an electric sign fronting premises of James Baker, 252 Princess street, in accordance with plans submitted, that the request be granted.

6. That in the opinion of the members of council, assembled in regular meeting, expressed by a two-thirds vote of the members present, it is desirable in the public interest that concrete walks be constructed in the following public streets as local improvements, and that 60% of the total cost thereof be assessed against the assessable properties abutting thereon, and that the estimates of the City Engineer, as set out in the following list, be adopted:

	Total estimated cost.	Portion to be borne by Municipality.

Fire and Light.

Ald. Rigney presented report No. 79 from the Committee on Fire and Light as follows:—

Kingston, Sept. 24th, 1909.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Fire and Light begs leave to report:

1. That funds being available, a permanent heating system should be installed in number 2 Fire Station, but temporary requirements demand the erection for this winter, of three second-hand coal stoves, which this Committee asks leave to purchase without tender.

2. That a by-law be introduced to this council submitting to the electors the question of raising $5,500 for a new steamer for the department.

3. That authority be given to call for tenders and award the contract for 7 pairs rubber boots, 5 rubber coats, 4 oil skin caps, 1 pair rubber gloves.

4. That T. Snider be retained in the department until November 1st, to enable John Hall to complete necessary line work.

Water Works.

Ald. Craig presented report No. 80 from the Committee on Water Works as follows:—

September 24th, 1909.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Water Works begs leave to report and recommend as follows:

1. That the petition of Annie Maud Mills for a water supply to premises on Aberdeen street, be granted.

2. That the petition of S. J. Greer for a water supply to two dwellings on Alwington avenue be granted.

3. That the tender of James Swift & Co., for 1,200 tons of Youghiogheny slack at $3.21 per ton be accepted.

4. That the tender of W. J. Savage for painting the water tower, for the sum of $133, be accepted.

5. That in future all tenders for $50 or over, be accompanied by a marked cheque for not less than 5% of the amount of tender.

6. That in accordance with the council's request of the 13th inst., viz., the following report is submitted showing the estimated cost and likely revenue for the extension of the water services to the city homes not now supplied with water.

BY-LAWS.

Ald. Hoag presented By-law No. 40, 1909. The By-law was read a first time and the 31st rule being suspended, a second and third time, the second being in committee of the whole, Ald. Givens in the chair, and was signed and sealed as follows:—

BY-LAW NO. 40, 1909.

A By-law to authorize the construction of a common sewer in a part of Durham street, in the City of Kingston, as a local improvement under the provisions of the Municipal Act in that behalf.

Passed, September 27th, 1909.

WHEREAS the Council of the Corporation of the City of Kingston has received a recommendation from the Board of Health of the said City, for the construction of a common sewer under the

provisions of the "Municipal Act" in that behalf, and under the powers conferred by Section 668, Sub-section 4 of "The Municipal Act" in Durham street, from westerly limit of Durham street, easterly to connect with sewer in Victoria street, in the City of Kingston, and the said Council has by a vote of two-thirds of all the members of the said Council at a regular meeting of said Council, affirmed that it is desirable and necessary in the public interest to construct the said sewer for the purpose of draining the said locality for sanitary and drainage purposes, as a local improvement to be paid for by special assessment of the real property immediately benefited by the construction of the said improvement.

AND WHEREAS it is expedient to construct the said improvement as recommended by the said Board of Health and the City Engineer.

AND WHEREAS the estimated cost of the said improvement including interest on the temporary loan hereinafter mentioned is $1,396.75, part of which cost $187.50, is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in Section 4 and the remainder is to be assessed on the real property immediately benefited and assessable, but it is deemed advisable to defer making the final special assessment for the part of the cost of the said improvement including interest on the temporary loan hereinafter mentioned to be levied for by such assessment on the real property immediately benefited by said improvement liable to be assessed therefor as aforesaid until the exact cost of the said improvement including said interest has been ascertained after its completion, when the said estimated cost, the proportion thereof to be provided by the Municipality at large, and the proportions thereof to be assessed on the various portions of real estate so benefited as aforesaid, shall be adjusted in accordance with the said exact cost.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, and under the authority aforesaid to be paid for by a special assessment of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 4, in the said part of Durham street hereinbefore in the recital to this By-law mentioned and described, which said sewer part shall have a sectional area of 113 square inches, part 63, square inches and shall be constructed according to the plans and specifi-

cations for the same prepared or to be prepared by the said City Engineer and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer except as aforesaid, and the interest on the temporary loan hereinafter mentioned and meet the interest and principal of the debentures to be issued for the same as hereinafter mentioned in Section 3, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said improvement and liable to be assessed, according to the frontage of the said property for a period to be hereafter determined, but within the probable life of the said improvement as shall be certified by the said City Engineer which said rate shall be assessed, levied and collected as provided by law, but to enable this Council to avoid the necessity of making a second or other additional assessment or a refund in case of an over-assessment, such assessment shall not be finally made until the exact cost of the said improvement has been ascertained after its completion and in the meantime a temporary loan shall be affected by the Mayor and City Treasurer to meet such cost, except as aforesaid, as provided by law in such cases.

3. Upon the completion of the said improvement the City Engineer shall ascertain the exact cost of the same exclusive of the interest on the said temporary loan and the part of such cost to be provided by this Council out of the general funds of the Municipality or by a loan as mentioned in Section 4 shall be deducted therefrom and the interest on the temporary loan being added to the balance thus obtained the said final special assessment shall be made on the real property immediately benefited by the said improvement for the said amount by an annual special frontage rate on said real property as aforesaid and to repay the said temporary loan and interest the said amount consisting of the said balance and the interest on the said temporary loan aforesaid, shall be raised or borrowed upon the debentures of this Corporation which shall be issued on the security of the said special assessment and rate and may be further guaranteed by this Council if it sees fit as provided by law and the necessary By-laws shall be passed for the said purposes.

4. This Council shall provide out of the general funds of the Municipality or by a loan to be raised upon debentures issued for the purpose as authorized by law, the cost of all culverts and other works necessary for street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer which is incurred at and is chargeable in respect of street intersections, and also one-half of the cost of that part of the sewer done or made opposite real property, if such property is but on one side of it, which by any general or special act is exempt from special or

local assessment, and also the cost of the whole of that part of the said sewer done or made opposite real property if such property is on both sides of it which is so exempt from special or local assessment.

5. This By-law shall come in force and take effect on its passing.

BY-LAW NO. 41, 1909.

A By-law to authorize the construction of Cement or Concrete Sidewalks in the streets and parts of streets, set out in the schedule hereto annexed, in the City of Kingston, as local improvements under the provisions of the Municipal Act in that behalf.

Passed, September 27th, 1909.

WHEREAS in the opinion of two-thirds of all the members of this Council it is desirable in the public interest that cement or concrete sidewalks should be laid down on the streets and parts of streets in the City of Kingston severally set out in the schedule hereto annexed, as local improvements under the provisions of the Municipal Act.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. Cement or Concrete sidewalks shall be forthwith constructed by this Council as local improvements under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in section 6, on the said streets and parts of streets mentioned and described in the

schedule to this By-law hereto annexed, which said sidewalks shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sidewalks, except as aforesaid, and the interest on the temporary loans hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said several improvements, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of the said several improvements as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law: but to enable this Council to avoid the necessity of making a supplementary assessment in any case, or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of the said several improvements has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in section 2, the head and treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies, corporate willing to lend the same such sum or sums as may be necessary to meet the cost of the said several improvements.

4. Upon the completion of the said several improvements and the ascertainment of the exact cost of each of the same, the City Engineer shall in respect of each of said improvements make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate in respect of each of the said several improvements, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statements, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of the said several improvements the City Engineer shall ascertain their exact cost exclusive of the in-

terest on the temporary loan or loans, aforesaid, and the part of such cost to be provided by this Council in respect of each such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of each such improvement having been added to the balance thus obtained in each case the said special assessment after the said several statements shall have been finally revised, shall be made for the said several amounts; and to repay the said several temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said several special assessments and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary By-laws shall be passed for the said purpose.

6. The Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of the said several improvements and also the cost of that part of the said sidewalks which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of said sidewalks which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

SCHEDULE "A."

Rules and Regulations to Provide for the Organization and Management of the Fire Department of the City of Kingston.

Section 1.—The Chief of the Department shall be the head of the uniformed force of the Department, and is charged with the duty of preventing and extinguishing fires, and of protecting property from damage by water used at fires.

Sect. 2.—He shall have control and direction of the Department, and be responsible to the Committee on Fire and Light for its proper management.

Sect. 3.—All other officers and members of said Department shall be appointed by him.

Sect. 4.—All officers and members who shall be employed in said Department shall be subject to such rules and regulations and shall perform such duties as shall be prescribed or required of them by the said Chief.

Sect. 5.—The Chief shall have full control of the organization, government and discipline of the Fire Department and all persons employed therein, and he may prescribe and establish from time to time such rules and regulations as he may deem advisable relating thereto.

Sect. 6.—He shall have the custody, subject to the direction of the Committee on Fire and Light, of the engines, hose, wagons,

trucks, ladders, horses and all other property and equipments belonging to the Fire Department.

Sect. 7.—He shall enquire into the cause of all fires which may occur in the City as soon as possible after they occur and shall keep a record of all such investigations in his office.

Sect. 8.—He shall, on or before the 31st day of December in each year submit to the Committee on Fire and Light, a full report of the condition and efficiency of the Department, giving in detail the position, location, and date of appointment of each member of the force, and a detailed statement of the apparatus, equipment, appliances, horses, surplus stores, and other property of the Department.

Sect. 9.—He shall at the same time make a report of all fires that may have taken place in the City during the preceding calendar year, with the causes thereof as fully as they can be ascertained; the number and description of buildings destroyed and injuries in connection with such fires, together with the names of the owners and occupants and of all accidents occurring to employees of the Department.

Sect. 10.—The Chief shall make suitable regulations under which the officer and members of the Department shall be required to wear some appropriate uniform and badge, by which, in case of fire and at other times, the authority and relations of such officers and members may be known.

Sect. 11.—The Chief shall determine all cases of violation of any rule, regulation, or order, of the Department, or other breaches of discipline, and shall have power to punish the offending parties save and except the Deputy Chief, by reprimand, forfeiture, withholding pay for a specified time, or dismissal from the Department.

Sect. 12.—If any charges are made against any member of the Department, the Chief may suspend any such member from duty, until such charges have been investigated.

Sect. 13.—The Chief shall report to the Committee in writing all appointments, promotions, transfers, suspensions, dismissals and other changes in the personnel, or distribution of the force; all changes in the apparatus and equipment, and the location thereof; details of all cases of breach of discipline in the force, without giving the names of the offenders, and generally all important matters of public interest relating to the Department.

Sect. 14.—He shall keep a full and complete record of all transactions in the said Department of complaints against members, and all property placed in his charge, and such other books and records as the business of the Department may require.

Sect. 15.—He shall prepare on or before the first day of February in each year an estimate of the whole cost and expenses of providing for and maintaining the Fire Department of the said City during the current year, which estimate shall be in detail, and shall be laid before the Committee on Fire and Light.

Sect. 16.—The Chief, Assistant Chief, or other officer in command may prescribe limits in the vicinity of any fire within which no person except those residing therein, firemen and police, and those admitted by order of any officer of the Fire Department, shall be permitted to come.

Sect. 17.—The Chief, Assistant Chief, or other officer in command at any fire shall have the power to cause the removal of any property whenever, in their judgment, it shall become necessary for the preservation of such property, or to prevent the spreading of fire or to protect the adjoining property.

Sect. 18.—The Chief, Assistant Chief or other officer in command may order the cutting down or removal of any building, erection or fence for the purpose of checking the progress of any fire.

ASSISTANT CHIEF.

Sect. 1.—There shall be an Assistant Chief who shall perform such duties as the Chief may require and in the absence of the Chief shall perform all his duties.

Sect. 2.—He shall be constantly on duty at his headquarters, except when necessarily called elsewhere on department business or when on leave of absence.

SUPERINTENDENT OF FIRE ALARM TELEGRAPH.

Sect. 1.—The Chief shall appoint one of the members of the Department as Superintendent of Fire Alarm Telegraph, who shall, subject to the Chief of the Department, have charge of all apparatus, instruments, bateries, alarm boxes, and wire belonging to or connected with the said system, and he shall see that the same are kept in good working order and promptly repaired when out of order, and shall test all alarm boxes and instruments at least once in two months.

Sect. 2.—He shall promptly report to the Chief of the Department any interruption in the working of the lines or apparatus whereby there may be a delay in giving or receiving an alarm of fire; in such report he shall state what amount of delay, if any, will probably occur in repairing the same, and when it is repaired he shall see that the Chief of the Department has notice of the fact.

CAPTAINS OF STATIONS.

Sect. 1.—One member in each station shall be appointed to the position of Captain, and subject only to orders issued by the Chief or Assistant Chief, shall have full control of the station, apparatus, horses, and all other property belonging to the Department in or around said station.

Sect. 2.—He shall be held responsible for the work and conduct of all members who may from time to time be assigned to duty at said station.

Sect. 3.—They shall promptly report to the Chief or Assistant Chief any incapacity, neglect of duty, disobedience of orders, given by a superior in rank, or the violation of any rule, regulation or order of the Chief, which may occur in their respective stations.

Sect. 4.—They shall not allow the apparatus to be driven at a rate of speed which may cause accidents, and shall use every precaution when turning corners and crossing railway and street car tracks, so that accidents may be averted.

Sect. 5.—Racing to or from fires will not be allowed under any circumstances, and if two or more apparatus proceed on the same street, to or from a fire, they shall do so in single file.

Sect. 6.—They shall not allow any person, other than members of the department, to ride upon any apparatus in going to or returning from fires.

Sect. 7.—They shall promptly report to the Chief all accidents that occur in going to or returning from a fire or while exercising their horses; also report any accident to members of their stations, stating the cause and nature of such accidents.

Sect. 8.—It shall be their duty in their respective stations to at all times preserve order and discipline, require and enforce strict compliance with the rules and regulations of the Department and the orders of the Chief, to see that the engines, hook and ladder trucks, hose wagons, etc., committed to their care, are in good order and repair for immediate use at all times; to see that the buildings, furniture and fixtures are kept neat and clean and that the personal habits of the men are clean and wholesome.

Sect. 9.—It shall be their duty to keep themselves familiar with the location of all fire hydrants in order to determine the best manner in which the apparatus can be brought into service at fires without delay.

Sect. 10.—They shall not allow more than one hour for each meal for each member of their respective stations, and shall see that all the men have time for their meals as regularly as circumstances will permit. They shall also so regulate meal hours that there will

always be available for fire duty a sufficient number of men to properly mann and operate the apparatus.

Sect. 11.—They shall not be absent from duty except at meal hours and regular furloughs without the permission from their superior officer.

Sect. 12.—They shall see that the drivers and others do their full duty to the horses under any and all circumstances.

Sect. 13.—They shall see that all horses are taught to quickly take their places at the pole on the sound of the gong.

Sect. 14.—They shall report to the Chief after each alarm the number of men that left the station with the apparatus, and the number on duty at the fire or alarm, the absentees accounted for by name and the cause of absence stated.

Sect. 15.—They shall perform such other duties as may from time to time be assigned to them by a superior officer.

Sect. 16.—It shall be the duty of the person appointed to act in the absence of the Captain, to assume all his functions and responsibilities; and when the Captain is present, to promptly, cheerfully and properly assist him in the performance of his duties.

LEAVE OF ABSENCE.

Sect. 1.—Members shall be allowed leave of absence of not more than twenty-four hours duration each week, and in addition every 4th Sunday off, except during the term of vacation, or at any time when the station has less than a full complement of men for duty, leave of absence shall commence at 8 a.m. and terminate at 8 a.m. the following morning.

Sect. 2.—Each member of the Department shall be entitled to leave of absence for a period of 10 days each year, Captains of stations to 12 days, Assistant Chief and Chief to 15 days.

Sect. 3.—Officers and members absent on leave shall, upon learning of an alarm of fire, immediately report for duty.

Sect. 4.—All members of the Department shall keep themselves neat and clean in person, and be courteous to strangers; they shall take no part in processions or demonstrations of any kind without special leave granted by the Chief.

Sect. 5.—No member of the Department shall take any part whatever in any Municipal, Dominion or Provincial election, other than to cast his vote if qualified to do so.

Sect. 6.—Captains of stations shall see that no religious or political controversies are carried on by the members of the Department or by visitors.

Sect. 7.—They shall not allow members or visitors, to speak disrespectfully of superior officers.

Sect. 8.—No person shall be appointed to the department who has attained the age of 30 years.

Sect. 9.—Any member of the Department refusing or neglecting to pay his just debts, incurred for the necessaries of life for himself or family, shall be liable to suspension or dismissal from the Department.

BY-LAW NO. 49, 1909.

A By-law to authorize the construction of a common sewer in a part of Patrick Street, in the City of Kingston, as a local improvement under the provisions of the Municipal Act in that behalf.

Passed, October 11th, 1909.

WHEREAS the Council of the Corporation of the City of Kingston has received a recommendation from the Board of Health of the said City, for the construction of a common sewer under the provisions of the "Municipal Act" in that behalf, and under the powers conferred by Section 668, Sub-section 4 of "The Municipal Act" in Patrick Street, from Alma Street to Markland Street, in the City of Kingston, and the said Council has by a vote of two-thirds of all the members of the said Council at a regular meeting of said Council, affirmed that it is desirable and necessary in the public interest, to construct the said sewer for the purpose of draining the said locality for sanitary and drainage purposes, as a local improvement to be paid for by special assessment of the real property immediately benefited by the construction of the said improvement.

AND WHEREAS it is expedient to construct the said improvement as recommended by the said Board of Health and the City Engineer.

AND WHEREAS the estimated cost of the said improvement, including interest on the temporary loan hereinafter mentioned is $1,600.80, part of which cost $598.50 is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in Section 4 and the remainder is to be assessed on the real property immediately benefited and assessable, but it is deemed advisable to defer making the final special assessment for the part of the cost of the said improvement including interest on the temporary loan hereinafter mentioned to be levied for by such assessment on the real property immediately benefited by said improvement liable to be assessed therefor as aforesaid until the exact cost of the said improvement including said interest has been ascertained after its completion, when the said estimated cost, the proportion thereof to be provided by the Municipality at large, and the proportions thereof to be assessed on the various portions of real estate so benefited as aforesaid, shall be adjusted in accordance with the said exact cost.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, and under the authority aforesaid to be paid for by a special assessment of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 4, in the said part of Patrick Street hereinbefore in the recital to this By-law mentioned and described, which said sewer shall have a sectional area of 63.63 and 113. square inches and shall be constructed according to the plans and specifications for the same prepared or to be prepared by the said City Engineer and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer except as aforesaid, and the interest on the temporary loan hereinafter mentioned and meet the interest and principal of the debentures to be issued for the same as hereinafter mentioned in Section 3, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said improvement and liable to be assessed, according to the frontage of the said property for a period to be hereafter determined, but within the probable life of the said improvement as shall be certified by the said City Engineer which said rate shall be assessed, levied and collected as provided by law, but to enable this Council to avoid the necessity of making a second or other additional assessment or a refund in case of an over-assessment, such assessment shall not be finally made until the exact cost of the said improvement has been ascertained after its completion and in the meantime a temporary loan shall be effected by the Mayor and City Treasurer to meet such cost, except as aforesaid, as provided by law in such cases.

3. Upon the completion of the said improvement the City Engineer shall ascertain the exact cost of the same exclusive of the interest on the said temporary loan and the part of such cost to be provided by this Council out of the general funds of the Municipality or by a loan as mentioned in Section 4 shall be deducted therefrom and the interest on the temporary loan being added to the balance thus obtained the said final special assessment shall be made on the real property immediately benefited by the said improvement for the said amount by an annual special frontage rate on said real property as aforesaid and to repay the said temporary loan and interest, the said amount consisting of the said balance and the interest on the said temporary loan

aforesaid, shall be raised or borrowed upon the debentures of this Corporation which shall be issued on the security of the said special assessment and rate and may be further guaranteed by this Council if it see fit as provided by law and the necessary By-laws shall be passed for the said purposes.

4. This Council shall provide out of the general funds of the Municipality or by a loan to be raised upon debentures issued for the purpose as authorized by law, the cost of all culverts and other works necessary for Street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer which is incurred at and is chargeable in respect of Street intersections, and also one-half of the cost of that part of the sewer done or made opposite real property, if such property is but on one side of it, which by any general or special Act is exempt from special or local assessment, and also the cost of the whole of that part of the said sewer done or made opposite real property if such property is on both sides of it which is so exempt from special or local assessment.

5. This By-law shall come in force and take effect on its passing.

[L.S.]
W. W. SANDS, *City Clerk.*

Ald. Nickle presented By-law No. 50. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Toye in the chair and was signed and sealed as follows:—

BY-LAW NO. 50, 1909.

A By-law to amend By-law No. 18 (Public Health) of the Revised By-laws.

Passed, October 11th, 1909.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. By-law No. 18 of the Revised By-laws entitled "A By-law relating to the Public Health" is amended by adding the following as sub-section 3 of Section 2:

(3) The Medical Health Officer shall be the Medical Attendant at the House of Industry and shall report once a week to the Secretary of the Board of Inspectors on the physical condition

of those inmates, who do not come under the care of the County Medical Attendant.

2. This By-law shall come in force and take effect on its passing.

Board of Works.

Ald. Graham presented report No. 86 from the Board of Works as follows:

October 21st, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

1. On the recommendation of the Board of Health, that a tile sewer be constructed in a part of Wellington street, on sanitary grounds, under the terms of the Local Improvement Act, and that the following estimate of the City Engineer for said sewer be adopted:—

Wellington street, from a point 73 ft. south of the south side of Earl street, thence southerly to Gore street, thence easterly to a point 6 ft. east of the east side of Wellingon street; estimated total cost, $498.58; portion of the cost to be borne by the municipality, $313.85.

2. That By-law No. 23 respecting Egress from Public Buildings be amended by inserting the following clause, as clause 11a.

"In all buildings hereafter constructed, reseated or re-constructed, all seats on the main floor of the auditorium shall not be less than 32 inches from back to back, measured in a horizontal direction and no seats shall have more than six seats intervening between it and an aisle on either side. All seats except those in the boxes shall be firmly secured to the floor."

Water Works.

Ald. Craig presented report No. 87 from the Committee on Water Works as follows:—

October 18th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Water Works begs leave to report and recommend as follows:—

1. On the communication of F. D. Milo, applying for a vacation, that he be given ten days annually, the time to be satisfactory to the Superintendent.

2. In reference to the resignation tendered by Mr. Hewitt,—It seems clear that the Superintendent has viewed the intervention of an outsider in matters that clearly pertains to his duties as indicative of a lack of confidence by the Water Works Committee. The Committee desire to record its high opinion of the superintendent's capacity and zeal in behalf of the financial interest of the department, and his integrity in its conduct. It is the view of the Committee that the Superintendent, Mr. Hewitt, should withdraw his resignation.

3. In regard to the Donnelly Co's offer to lease the Water Works dock it was agreed, that the rental of the Water Works dock to the Donnelly Co. be fixed at $300 per annum, payable half yearly commencing 1st May, 1909, the first half yearly payment to be due and payable 1st November, 1909, subject to the following terms:—That the West street slip be kept clear of lay up boats, that the ordinary repairs to the wharf property in future be assumed by the city, and that the new lease be without prejudice to the city's claim for repairs to the wharf previous to the 1st May, 1909.

4. On the communication of John Purdy, Chairman of County Property Committee, asking to have a 4 inch fire supply put into the Court House, that it be granted, the County to pay the cost.

5. That the following reports of the Superintendent and Prof. Willhoft be received and adopted:—

October 18th, 1909.

The Chairman and Members of the Water Works Committee:—

Gentlemen,—I beg leave to recommend that a new 14 inch main be laid from the corner of Wellington and West Sts. along Barrie Street to Princess St. and connecting all mains on the way from Union to Princess St., so that a larger quantity of water can be delivered by the pumps to meet the increase in consumption and the requirements of the Fire Underwriters for 12 standard streams equal to 3½ million gallons in 24 hours. This will cost $8,000 estimated.

Yours truly,

(Signed) T. HEWITT.

September 17th, 1909.

The Chairman and Members of the Water Works Committee, Kingston, Ontario:—

Gentlemen,—I herewith submit a brief report on the Water Works plant, condensed from the more technical previous reports.

1. CONDITION OF THE PLANT.—The plant is kept in first-class running condition, if the test has shown that some improvements are feasible, it must be understood that a thorough efficiency test will reveal defects that cannot be detected by the engineer in charge or by anybody else in the everyday operation of the plant.

2. ECONOMY OF THE PLANT.

(a) The Inglis Engine. The difference in the economy shown during the last test and the acceptance test in 1896, is not very considerable, but the test showed that the economy may be improved by setting the valves properly and by distributing the load between the two cylinders in the correct proportion, and also by making a change in the feed-water connections which can be effected with little or no cost. As was pointed out by the undersigned, the valve setting should be inspected periodically, and the Committee having agreed to it, the undersigned will visit the plant once a month with some of the students, not more than four or five at a time, and look after the valve setting in co-operation with the Superintendent and Engineer.

(b) The Killey Engine. This engine shows up very poorly compared with the Inglis Engine, as far as economy is concerned. As pointed out, this type of engine is less efficient in any case than an engine of the Corliss type, but the engine should be carefully examined with respect to leakage, past piston and valves, the valve setting having been found to be correct. A considerable saving in fuel could be effected by running the Inglis engine as much as possible and the Killey engine only enough to keep it in good running condition.

(c) The Boilers. The boiler performance may be characterized as fair, but the undersigned was surprised to see that no attempt is made, especially during the day, to do away with or to mitigate, the smoke nuisance. While the loss represented by black smoke is not very large in itself, it would seem as if a municipal plant should set a good example in this respect. We know nowadays how to burn even slack bituminous coal with little or no smoke, and conditions as we have them in Kingston are not tolerated any more in up-to-date cities on this continent and in Europe. What is required is a proper instruction of the firemen, and while automatic stokers and artificial draft offer, perhaps the best solution of the problem, excellent results may be obtained by means of skillful hand-firing, especially where a man has to fire only one boiler. The analysis of the flue gases during the test, showed that the combustion, especially during the day-time was far from perfect, so that an appreciable gain should result from more scientific methods of firing.

3. CAPACITY OF THE PLANT.

The plant contains a 4 million pump and a 3 million pump, i.e., the two pumps working together could pump 7 million gallons of water in 24 hours at their rated speed. At present it is not possible to run the two engines at the same time, because

the size and arrangement of the suction and pressure mains will not allow it. According to the figures of the City Engineer, the city should have a 7 million gallon plant, therefore logically the first step to take would be to arrange the mains in such a way that the full capacity of the plant is available. These same changes in the mains will be required when a larger pump is installed, which will become necessary sooner or later, as the consumption increases, due to increase of population and extension of service. It would seem to the undersigned that the best plan will be to make these changes on the mains at once and to install, as soon as necessary, a steam-driven turbine pump of about 7 million gallons capacity. In this way the city would provide for almost every emergency.

I have the honour to remain,

Very truly yours,

(Signed) F. O. WILLHOFT.

6. The following report re High-Pressure Fire System was received and is submitted for information:—

October 11th, 1909.

The Chairman and Members of the Water Works Committee:—

Gentlemen,—I beg leave to report that a high pressure fire supply for 12 standard streams and 225 lbs. pressure at the pump can be put in for $65,000.

A 3½ million gallon Turbine pump, 2 16 inch main on Ontario street, from the pump house to Brock street, a 16 inch main on Princess street, from Bagot street to Barrie street, with an electric closing valve; a 12 inch main on Clarence street, from Ontario to Wellington street connecting at Brock; a 12 inch main on Brock street, from Ontario to Bagot, connecting at Princess street; a 12 inch main on Princess street, from Ontario and Brock to Bagot streets.

30=8 inch —4 way hydrants all complete.

Yours truly,

(Signed) T. HEWITT, Supt.

If this is put in the Killey pump could be repaired so that it would answer for the next 10 years.

Respectfully submitted,

(Signed) W. G. CRAIG, *Chairman,*
WM. R. CLUGSTON,
FRANK J. HOAG,
R. H. TOYE,
J. S. R. McCANN
JOHN McKAY,

Moved by Ald. Craig, seconded by Ald. Toye (63) that the report of the Committee on Water Works be received and adopted with clauses 2 and 3 struck out, and that paragraph 6 be inserted before the report of Prof. Willhoft, striking out the words in clause 6 "High pressure system."—Carried.

Moved by Ald. Chown, seconded by Ald. Elliott (7) that clause 5 of the Water Works report be referred back.—Carried.

The report was then carried as amended.

Fire and Light.

Ald. Rigney presented report No. 88 from the Committee on Fire and Light as follows:—

October 22nd, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light beg leave to report and recommend as follows:—

1. That the Chief be authorized to have a new arm put on the rear axle of the Chatham engine.

2. That the following lights be installed:—
   Arch street, below Union street.

City Property and Markets.

Ald. Angrove presented report No. 90 from the Committee on City Property and Markets as follows:—

October 29th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on City Property and Markets beg leave to report and recommend as follows:

1. That upon the request of F. W. Spangenberg, who is retiring from business, that Messrs. Rodgers and Wright be appointed caretakers of the city clock, without prejudice to Mr. Spangenberg's guarantee which still remains in full force and effect.

2. That the balance of the account on the clock, amounting to $250, be paid to Mr. Spangenberg, upon the certificate of the architect, Mr. Power.

3. That the rear stairway of the city hall and exit be improved in accordance with the plan submitted and that the Committee be authorized to call for tenders for the same.

Garbage.

Ald. Nickle presented report No. 91 from the Committee on Garbage as follows:—

Kingston, Oct. 26th, 1909.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Garbage beg leave to report and recommend as follows:—

The Special Committee re-appointed by Council to consider the question of Garbage beg leave to report as follows:

That while the system installed during the past summer did not prove as satisfactory as was anticipated, yet that this Committee would submit.

1. That a system of garbage collection is advantageous from the point of view of the health of citizens and the convenience of the householders as well, and your Committee would accordingly recommend the inauguration of a new system of garbage removal for next year. The system proposed to be somewhat similar to that of the present year.

2. That four properly constructed single carts or waggons be purchased which would be placed at the disposal of the contractor or contractors with the Corporation for the removal of the garbage and other putrifying matter. The contractor or contractors to supply all labor, horses and other equipment necessary to carry out all work embraced in the contract.

3. That the proposed system of collection commence on April 15th and end on October 15th. A bi-weekly collection being made from April 15th to June 30th, and from August 31st until October 15th. The collection being made three times a week during the months of July and August. That during the remainder of the year the contractor or contractors shall have the exclusive right to enter into contracts with householders for the removal of the above mentioned materials.

BY-LAW NO. 53, 1909.

A By-law to authorize the construction of a common sewer in a part of Wellington Street, in the City of Kingston, as a local improvement under the provisions of the Municipal Act in that behalf.

Passed, October 26th, 1909.

WHEREAS the Council of the Corporation of the City of Kingston has received a recommendation from the Board of Health of the said City, for the construction of a common sewer under the provisions of the "Municipal Act" in that behalf, and under the powers conferred by Section 668, Sub-section 4 of "The Municipal Act" in Wellington Street, from a point 73 feet south of south side Earl Street, thence southerly to Gore Street, thence easterly to a point 6 ft. east of east side of Wellington Street, in the City of Kingston, and the said Council has by a vote of two-thirds of all the members of the said Council at a regular meeting of said Council, affirmed that it is desirable and necessary in the public interest, to construct the said sewer for the purpose of draining the said locality for sanitary and drainage purposes, as a local improvement to be paid for by special assessment of the real property immediately benefited by the construction of the said improvement.

AND WHEREAS it is expedient to construct the said improvement as recommended by the said Board of Health and the City Engineer.

AND WHEREAS the estimated cost of the said improvement, including interest on the temporary loan hereinafter mentioned is $498.58, part of which cost $313.85, is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in Section 4 and the remainder is to be assessed on the real property immediately benefited and assessable, but it is deemed advisable to defer making the final special assessment for the part of the cost of the said improvement including interest on the temporary loan hereinafter mentioned to be levied for by such assessment on the real property immediately benefited by said improvement liable to be assessed therefor as aforesaid until the exact cost of the said improvement including said interest has been ascertained after its completion, when the said estimated cost, the proportion thereof to be provided by the Municipality at large, and the proportions thereof to be assessed on the various portions of real estate so benefited as aforesaid, shall be adjusted in accordance with the said exact cost.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, and under the authority aforesaid to be paid for by a special assessment of the real property immediately benefited thereby

liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 4, in the said part of Wellington Street hereinbefore in the recital to this By-law mentioned and described, which said Sewer shall have a sectional area of 63.63 square inches and shall be constructed according to the plans and specifications for the same prepared or to be prepared by the said City Engineer and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer except as aforesaid, and the interest on the temporary loan hereinafter mentioned and meet the interest and principal of the debentures to be issued for the same as hereinafter mentioned in section 3, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said improvement and liable to be assessed, according to the frontage of the said property for a period to be hereafter determined, but within the probable life of the said improvement as shall be certified by the said City Engineer which said rate shall be assessed, levied and collected as provided by law, but to enable this Council to avoid the necessity of making a second or other additional assessment or a refund in case of an over-assessment, such assessment shall not be finally made until the exact cost of the said improvement has been ascertained after its completion and in the meantime a temporary loan shall be affected by the Mayor and City Treasurer to meet such cost, except as aforesaid, as provided by law in such cases.

3. Upon the completion of the said improvement the City Engineer shall ascertain the exact cost of the same exclusive of the interest on the said temporary loan and the part of such cost to be provided by this Council out of the general funds of the Municipality or by a loan as mentioned in Section 4 shall be deducted therefrom and the interest on the temporary loan being added to the balance thus obtained the said final special assessment shall be made on the real property immediately benefited by the said improvement for the said amount by an annual special frontage rate on said real property as aforesaid and to repay the said temporary loan and interest, the said amount consisting of the said balance and interest on the said temporary loan aforesaid, shall be raised or borrowed upon the debentures of this Corporation which shall be issued on the security of the said special assessment and rate and may be further guaranteed by this Council if it see fit as provided by law and the necessary By-Laws shall be passed for the said purposes.

4. This Council shall provide out of the general funds of the Municipality or by a loan to be raised upon debentures issued for the purpose as authorized by law, the cost of all culverts and other works necessary for Street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer which is incurred at and is chargeable in respect of Street intersections, and also one-half of the cost of that part of the sewer done or made opposite real property, if such property is but on one side of it, which by any general or special Act is exempt from special or local assessment, and also the cost of the whole of that part of the said sewer done or made opposite real property if such property is on both sides of it which is so exempt from special or local assessment.

5. This By-Law shall come in force and take effect on its passing.

The third reading was carried on the following division:—Yeas:—Mayor Couper, Ald. Angrove, Carson, Chown, Craig, Clugston, Elliott, Free, Givens, Graham, Harty, Hoag, McCann, McCartney, McKay, Nickle, Rigney, Robertson, Toye, Tweddell, (20). Nays, (0).

November 2nd, 1909.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Light, Heat and Power beg leave to report and recommend as follows:—

1. That with reference to the several communications of the Street Railway Company relative to the supply of power from the city plant, your Committee recommend that an agreement

be entered into with the Street Railway Company for the supply from the city plant of the necessary steam, oil, waste and attendance on the power premises at the rate of 1.20 cents per kilowatt hour measured at the switch board for the generation of current for the following purposes:—

(a) For the operation of the Street Railway;

(b) For furnishing from 1st May to 30th September in each year, incandescent lights not to exceed in number 150; no lamp to exceed 16 C.P., provided that 20 of the above lamps may be used during the entire year in the car barns of the Company during the whole period of this agreement.

(c) For the operation of the merry-go-round and pump at Lake Ontario Park.

(d) For the operation of the motor in the Company's machine shop—such motor not to exceed 5½ H.P. and to be used for the purposes of the Company only.

2. Your Committee recommend that the provision as to monthly payments by the Company on presentation of accounts as contained in the former agreement be incorporated in the proposed agreement.

3. Your Committee further recommend that such agreement extend for the period of five years from the termination of the present agreement being 23rd November, 1909, provided that the Company shall have the right to terminate the agreement at the end of any year during such period on giving six months' previous notice in writing to the Corporation; provided further that the Corporation shall have the right to terminate the agreement at the end of the third or fourth year upon giving the Company six months' previous notice, if, in the opinion of the Chief Engineer of the light plant, the boilers of said plant are inadequate to supply the customers of the plant including the Street Railway Company.

4. Your Committee further recommend that the agreement contain a clause relieving the Corporation from all liability for damage to the Company arising from breach of the agreement by the Corporation to furnish current as therein provided where such breach arises from damage or destruction of the City's plant by fire, lightning or tempest or from strikes or labor trouble, or from the cessor to operate the plant by reason of accidental break down or from any other cause or causes beyond the control of the Corporation or its employees.

BY-LAW NO. 56, 1909.

A By-law to amend By-law No. 25 (1909). Local Improvement Debentures.

Passed November 8th, 1909.

WHEREAS, the Council of the Corporation of the City of Kingston upon the recommendation of the Local Board of Health of said City in that behalf did by By-law No. 42 (1908) passed 12th October, 1908, authorize the construction of a common sewer as a local improvement work under the provisions of the Municipal Act in that behalf in George Street in said City from the West limit of lot 16, Westerly 239 feet, the said Council affirming by a two thirds vote of all the Members thereof at a regular meeting thereof, that the construcion of said sewer was desirable and necessary in the public interest.

AND WHEREAS it was further provided by the said By-law that the cost of the said work should be met by the issue of debentures of the said Corporation as by law provided.

AND WHEREAS in the Schedule to By-law No. 25 (1909) of the Council of said Corporation passed 26th April, 1909, authorizing the issue of debentures of said Corporation to meet the cost of said sewer and of other local improvement works the said sewer was in part IV of said Schedule incorrectly and in error described as a sewer in George Street extending from the Northerly limit of lot 15 Northerly 135 feet.

AND WHEREAS it is expedient and necessary to amend the Schedule to said By-law No. 25 (1909) so as to conform with the

fact and with the description of said work as contained in the Construction By-law being By- law No. 42 (1908) and to pass this By-law.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. The words "George from Northerly limit of Lot 15, Northerly 135 feet" are hereby struck out of part IV of the Schedule of said By-Law No. 25 (1909) and in lieu thereof the following words are inserted; "George, from West limit of lot 16 Westerly 239 feet."

REPORTS.

Finance and Accounts.

Ald. Givens presented report No. 95 from the Committee on Finance and Accounts as follows:—

November 19th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts beg leave to report and recommend as follows:—

1. That clause 2, Report No. 92, be amended as follows by striking out the words 'amounting to $28.70," in the second line and adding after the word "granted" "for the time that this building was occupied by the Hebrew Congregation."

2. That notice has been received that the Bank of British North America wishes to exercise its option of renewing the present lease of the bank premises for the further period of five years from the 1st May, 1910, on the same terms.

3. On the communication of Bridget Chambers asking for remission of sewer rent, that no action be taken.

4. That the petition of the Moral and Social Reform Movement asking for the submission of a referendum in January to reduce the number of tavern licenses to one per thousand. Board of Works.

Ald. Graham presented report No. 96 from the Board of Works as follows:—

Kingston, Nov. 18th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That in the opinion of the Members of Council assembled in regular meeting expressed by a two-thirds vote of the members present it is desirable in the public interest that a concrete walk be constructed in Main Street as a Local Improvement, and that 60 per cent. of the cost thereof be assessed against the assessable properties abutting theron, and that the estimates for the said walk be adopted, viz:—

Main Street, north side, from Raglan Road to Division St., total estimated cost $571.60; portion of cost to be borne by the Municipality, $244.48.

2. That Upper William street be extended from Division Street to University Avenue; that a By-law be submitted to the property owners at annual elections for $4,000, being the amount required for the proposed extension, and that expropriation proceedings be taken by the City to acquire the necessary properties on account of the impossibility of securing satisfactory options for the required land.

Respectfully submitted.

BY-LAWS.

Ald. Rigney presented By-law No. 57, 1909. The By-law was read a first and second time, the second being in committee of the whole, Ald. Givens in the chair.

BY-LAW NO. 57, 1909.

A By-law to authorize the issue of debentures of the Corporation of the City of Kingston to the amount of $5,500 for the purposes therein mentioned.

Passed 19

WHEREAS it is expedient and necessary to purchase a new steam fire engine for the Corporation of the City of Kingston.

AND WHEREAS it is expedient to raise by way of loan on the debentures of the said Corporation the sum of $5,500 being the actual cost of the said steam fire engine.

AND WHEREAS the amount of the debt to be created by this law is $5,500.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $424

AND WHEREAS the amount of the whole rateable property of the said Municipality according to the last revised assessment Roll, being for the year 1909, is $8, 600,450.

AND WHEREAS the amount of existing debenture debt of the said Municipality exclusive of the local improvement debts secured by special acts, rates or assessments, is $1,082,720.21 and no part of the same or interest thereon is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of said Corporation for the purposes aforesaid, to raise by way of loan upon the credit of the

debentures hereinafter mentioned from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the said debentures a sum of money not exceeding in the whole, the said sum of $5,500 and to cause the same to be paid into the hands of the Treasurer of the said corporation for the purpose aforesaid.

2. It shall be lawful for the Mayor of the said City for the purposes of said loan, to cause any number of debentures to be made for such sums of not less than $100 each as may be required, and which said debentures shall be sealed with the seal of the Municipality and signed by the Mayor and countersigned by the Treasurer thereof, and together shall not exceed the sum of $5,500.

3. The said debt of $5,500 shall be payable in annual instalments within twenty years from the first day of January 1910, at the office of the City Treasurer in said City, and the said debentures shall have attached to them, coupons for the payment of the interest thereon half-yearly as hereinafter provided, which coupons shall be signed by the said Treasurer, and the said instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year in respect of the debt, shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of said period and the said debentures shall be issued accordingly.

4. The said debentures shall be dated on the first day of January, 1910, and shall bear interest at the rate of four and a half per cent. per annum from the date thereof, which interest shall be payable half-yearly on the first day of January and July in each year, at the office of the said City Treasurer in the City of Kingston.

5. For the payment of the said debt and the interest to become due thereon, an annual sum of $424 shall be raised in each year of the said period of twenty years by a special rate upon all the rateable property in said Municipality.

6. This By-law shall come in force and take effect on its passing.

7. The votes of the duly qualified electors of the said Municipality shall be taken upon this By-law, at the same hour, on the same day, and at the same places, and by the same Deputy Returning officers as for the annual election for the Municipal Council for the year 1910.

8. On the 28th day of December 1909, at the hour of eleven o'clock in the forenoon, the Mayor of the said City shall attend at the office of the City Clerk in said City, for the purpose of appoint-

ing and shall appoint in writing signed by him, two persons to attend at the final summing up of the votes given for and against this By-law, and one person to attend at each polling place, on behalf of the persons interested in and desirous of promoting the passing of this By-law, and a like number on behalf of the persons interested in and desirous of opposing the passing of this By-law, which place, day and hour are hereby fixed for said purpose.

9. On the 4th day of January, 1910, at the hour of twelve o'clock noon, at his office in the City of Kingston, the Clerk of the said Municipality shall attend and sum up the number of votes for and against the By-law.

Ald. Harty presented By-law No. 58, 1909. The By-law was read a first time, and the 31st. rule being suspended by two-thirds vote, a second and third time, the second being in committee of the whole, Ald. Graham in the chair and was signed and sealed as follows:—

BY-LAW NO. 58, 1909.

A By-law to amend By-law No. 29, passed 7th June, 1909.

Passed November 22nd, 1909.

WHEREAS by said By-law No. 29 passed 7th June, 1909, certain concrete sidewalks were authorized to be constructed as in the schedule to said By-law set out:—

AND WHEREAS it has been deemed expedient to extend the walk in said schedule described as follows:—"Johnson, South side, Macdonnell East 60ft," and the said walk has been constructed for a distance of 99 feet Easterly from Macdonnell Street.

AND WHEREAS it has been deemed expedient to extend the walk in said schedule described as follows:—"Rideau, East side S. Lt. lot 26 Southerly 450 feet," and the said walk has been extended from the South limit of lot 26, Southerly a distance of 492 feet.

AND WHEREAS it is expedient to amend said By-law so as to authorize the construction of said sidewalks as so extended.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston by an affirmative vote of three fourths of the members thereof as follows:—

1. The Schedule of By-law No. 29, passed on 7th June, 1909, is amended by striking out the figures "60" where they occur in the line in said schedule reading; "Johnson, South side, Macdonnell East 60 feet, and inserting in lieu thereof the figures "99".

2. The Schedule of said By-law is further amended by striking out the figures "450" where they occur in the line of the said sche-

dule reading; "Rideau, East side, S. Lt. lot 26 Southerly 450 feet" and inserting in lieu thereof the figures "492".

This By-law shall come in force and take effect on its passing.

(Signed) D. COUPER, *Mayor,*

[L.S].

W. W. SANDS, *City Clerk.*

W. W. SANDS, City Clerk.

Ald. Clugston presented By-law No. 61, 1909. This By-law was read a first time, and the 31st rule being suspended, a second and third time, the second being in committee of the whole, Ald. Hoag in the chair, and was signed and sealed as follows:—

BY-LAW NO. 61, 1909.

A By-law to authorize the construction of a common sewer in a part of Bagot Street, in the City of Kingston, as a local improvement under the provisions of the Municipal Act in that behalf.

Passed, November 22nd, 1909.

WHEREAS the Council of the Corporation of the City of Kingston has received a recommendation from the Board of Health of the said City, for the construction of a common sewer under the provisions of the "Municipal Act" in that behalf, and under the powers conferred by Section 668, Sub-section 4 of "The Municipal Act" in Bagot Street, from a point 132 feet south of Queen Street, thence northerly to connect with the tile sewer in Queen Street, in the City of Kingston, and the said Council has by a vote of two-thirds of all the members of the said Council at a regular meeting of said Council, affirmed that it is desirable and necessary in the public interest, to construct the said sewer for the purpose of draining the said locality for sanitary and drainage purposes, as a local improvement to be paid for by special assessment of the real property immediately benefited by the construction of the said improvement.

AND WHEREAS it is expedient to construct the said improvement as recommended by the said Board of Health and the City Engineer.

AND WHEREAS the estimated cost of the said improvement, including interest on the temporary loan hereinafter mentioned is $356.95, part of which cost, $182.82, is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in Section 4 and the remainder is to be assessed on the real property immediately benefited and assessable, but it is deemed advisable to defer making the final special assessment for the part of the cost of the said improvement including interest on the temporary loan hereinafter mentioned to be levied for by such assessment on the real property immediately benefited by said improvement liable to be assessed therefor as aforesaid until the exact cost of the said improvement including said interest has been ascertained after its completion, when the said estimated cost, the proportion thereof to be provided by the Municipality at large, and the proportions thereof to be assessed on the various portions of real estate so benefited as aforesaid, shall be adjusted in accordance with the said exact cost.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, and under the authority aforesaid to be paid for by a special assessment of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with

the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 4, in the said part of Bagot Street hereinbefore in the recital to this By-law mentioned and described, which said Sewer shall have a sectional area of 63.63 square inches and shall be constructed according to the plans and specifications for the same prepared or to be prepared by the said City Engineer and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer except as aforesaid, and the interest on the temporary loan hereinafter mentioned and meet the interest and principal of the debentures to be issued for the same as hereinafter mentioned in Section 3, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said improvement and liable to be assessed, according to the frontage of the said property for a period to be hereafter determined, but within the probable life of the said improvement as shall be certified by the said City Engineer which said rate shall be assessed, levied and collected as provided by law, but to enable this Council to avoid the necessity of making a second or other additional assessment or a refund in case of an over-assessment, such assessment shall not be finally made until the exact cost of the said improvement has been ascertained after its completion and in the meantime a temporary loan shall be affected by the Mayor and City Treasurer to meet such cost, except as aforesaid, as provided by law in such cases.

3. Upon the completion of the said improvement the City Engineer shall ascertain the exact cost of the same exclusive of the interest on the said temporary loan and the part of such cost to be provided by this Council out of the general funds of the Municipality or by a loan as mentioned in Section 4 shall be deducted therefrom and the interest on the temporary loan being added to the balance thus obtained the said final special assessment shall be made on the real property immediately benefited by the said improvement for the said amount by an annual special frontage rate on said real property as aforesaid and to repay the said temporary loan and interest, the said amount consisting of the said balance and the interest on the said temporary loan aforesaid, shall be raised or borrowed upon the debentures of this Corporation which shall be issued on the security of the said special assessment and rate and may be further guaranteed by this Council if it see fit as provided by law and the necessary By-laws shall be passed for the said purposes.

4. This Council shall provide out of the general funds of the Municipality or by a loan to be raised upon debentures issued for

the purpose as authorized by law, the cost of all culverts and other works necessary for Street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer which is incurred at and is chargeable in respect of Street intersections, and also one-half of the cost of that part of the sewer done or made opposite real property, if such property is but on one side of it, which by any general or special Act is exempt from special or local assessment, and also the cost of the whole of that part of the said sewer done or made opposite real property if such property is on both sides of it which is so exempt from special or local assessment.

5. This By-law shall come in force and take effect on its passing.

Ald. Hanley presented By-law No. 62, 1909. The By-law was read a first time, and the 31st rule being suspended a second and third time, the second being in committee of the whole, Ald. Kent in the chair and was signed and sealed as follows:

BY-LAW NO. 62, 1909.

A By-law to authorize the construction of Cement or Concrete Sidewalks in the streets and parts of streets, set out in the schedule hereto annexed, in the City of Kingston, as local improvements under the provisions of the Municipal Act in that behalf.

Passed, November 22nd, 1909.

WHEREAS in the opinion of two-thirds of all the members of this Council it is desirable in the public interest that cement or concrete sidewalks should be laid down on the streets and parts of streets in the City of Kingston severally set out in the schedule hereto annexed, as local improvements under the provisions of the Municipal Act.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. Cement or Concrete sidewalks shall be forthwith constructed by this Council as local improvements under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in section 6, on the said streets and parts of streets mentioned and described in the schedule to this By-law hereto annexed, which said sidewalks shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sidewalks, except as aforesaid, and the interest on the temporary loans hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said several improvements, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of the said several improvements as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law: but to enable this Council to avoid the necessity of making a supplementary assessment in any case, or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of the said several improvements has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in Section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies, corporate willing to lend the same such sum or sums as may be necessary to meet the cost of the said several improvements.

4. Upon the completion of the said several improvements and the ascertainment of the exact cost of each of the same, the City Engineer shall in respect of each of said improvements make measurements of the frontages of the real property exempt from

taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate in respect of each of the said several improvements, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statements, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of the said several improvements the City Engineer shall ascertain their exact cost exclusive of the interest on the temporary loan or loans, aforesaid, and the part of such cost to be provided by this Council in respect of each such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of each such improvement having been added to the balance thus obtained in each case the said special assessment after the said several statements shall have been finally revised, shall be made for the several amounts; and to repay the said several temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said several special assessments and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary By-laws shall be passed for the said purpose.

6. The Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of the said several improvements and also the cost of that part of the said sidewalks which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of said sidewalks which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

Kingston, November 29th.,1909.

A Special Meeting of the City Council was held this evening at 8 o'clock, His Worship Mayor Couper presiding.

Present: Ald. Angrove, Carson, Clugston, Elliott, Free, Givens, Graham, Harty, Hoag, Kent, McCann, McCartney, McKay, Rigney, Robertson, Toye, Tweddell.

A communication re power for Street Railway, was received from H. W. Richardson, and read.

Moved by Ald. Elliott, seconded by Ald. Givens (1) that Council adjourn for five minutes to allow the Light, Heat and Power Committee to consider the communication of the Kingston, Portsmouth and Cataraqui Electric Railway Company.—Carried.

Ald. Elliott presented Report No. 100, from the Committee on Light, Heat and Power as follows:—

November 26th, 1909.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Light, Heat and Power beg leave to report and recommend as follows:

1. That with reference to the several communications of the Street Railway Company relative to the supply of power from the city plant, your Committee recommend that an agreement be entered into with the Street Railway Company, for the supply from the city plant, of the necessary steam, oil, grease, waste and attendance on the power premises, at the rate of 1.20 cents per kilo-watt hour measured at the switch board for the generation of current for the following purposes:

(a) For the operation of the Street Railway and lighting the Company's cars while running.

(b) For furnishing from 1st May to 30th September in each year, incandescent lights not to exceed in number 150; no lamp to exceed 16 C. P., provided that 30 of the above lamps may be used during the entire year in the car barns of the Company during the whole period of this agreement.

(c) For the operation of the merry-go-round and pump at Lake Ontario Park.

(d) For the operation of the motor in the Company's machine shop—such motor not to exceed 5½ H. P. and to be used for the purposes of the Company only.

2. Your Committee recommend that the provisions as to monthly payments by the Company, on presentation of accounts as contained in the former agreement, be incorporated in the proposed agreement.

3. Your Committee further recommend that such agreement extend for the period of five years from the termination of the present agreement, being 23rd November, 1909, but subject as hereinafter provided:

(a) The Company shall have the right to terminate the agreement at the end of the first, second or third year of said term, on giving six months' previous notice in writing to the Corporation.

(b) In case the Company shall not during the first three years of said term of five years exercise the right to terminate the agreement as above reserved, then the Company shall thereafter, during the remaining two years of said term, take power for their railway as hereinbefore provided, and shall have no right during such remaining two years to terminate the agreement.

(c) In case in the opinion of the Chief Engineer of the Corporation's plant, after the expiration of said three first years of said term, the boilers of the plant are inadequate to supply the customers of the plant including the Street Railway Company and the Corporation shall install any new boiler or boilers in addition to or in substitution for any existing boiler or boilers, the Company shall thereafter, during the remainder of the said term of five years, pay to the Corporation in addition to all other moneys payable under the contract, at the rate of $250 per annum, in respect of depreciation of said new boiler or boilers, and interest upon the cost of the same.

4. Your Committee further recommend that the agreement contain a clause relieving the Corporation from all liability for damage to the Company, arising from breach of the agreement by the Corporation to furnish current as therein provided where such breach arises from damage or destruction of the City's plant by fire, lightning or tempest, or from strikes or labor trouble, or from the cesser to operate the plant by reason of accidental break down or from any other cause or causes beyond the control of the Corporation or its employees.

5. Your Committee further recommend that provision be made in said agreement for the free conveyance upon the cars of the Company, of the two linemen of the Corporation when engaged on duty in trimming and inspecting the Street lamps of the Corporation.

6. That acting in accordance with the advice of the City Solicitor, the Light, Heat and Power Committee accept the sum of seven hundred and thirty three dollars ($733) in full settlement of all claims against Mr. Campbell in connection with the repairs to the gas tank.

Respectfully submitted,

Moved by Ald. Elliott, seconded by Ald. Rigney (2) that the report of the Committee on Light, Heat and Power be received and adopted.—Carried.

Ald. Elliott presented the following report from the City Engineer and Manager of the Light, Heat and Power Department re repairs to Gas Tank as follows:—

Kingston, Ont., Nov. 11th, 1909.

R. F. Elliott, Esq., Chairman, and Members of the Light, Heat and Power Committee.
Power Committee.

Gentlemen,—In accordance with your instructions under date of Nov. 2nd, 1909, re repairs to Gas Holder Tank, we the undersigned, beg leave to submit the following report:

On the 12th day of July the main valves of the new holder were closed and Messrs. Merrill and Allen, the contracting parties, commenced work. The first step was to inflate the steel tank with air in order to allow the grab hooks to be placed in proper position under the outer shell. These hooks being properly installed, the work of the outer section was undertaken and carried out successfully, this shell being raised several feet above the top of the main concrete wall. The inner lift was then blown up to the water line and another allotment of hooks placed in position. By means of large chain blocks, both of these sections were raised so as not to interfere with the proposed work in the defective structure.

The concrete work consisted in the removal of from 3 inches to 8 inches in depth from the interior lining of the walls of the tank and the lowering of the base of the tank to its proper elevation. This having been done by means of hand labor and pneumatic hammers operated by an air-compressor, the debris was lifted clear of the tank and deposited on the ground around it, being afterwards carted away to waste-dumps. A drain was then dug all round the inside edge of the tank to take care of leakage from the outside. This drain had a fall to a sump-hole where proper pipe connections, were made for pumping by means of a steam-pump, on the surface of the ground clear of the tank, and discharging into a manhole

connected with a drain leading to King Street. This pump was operated continuously until the completion of the concrete work. On the completion of this drain, an entirely new bottom of from 4 inches to 5 inches in thickness of a rich mixture of concrete was spread over the whole base, being well rammed and worked into place. As soon as the bottom became sufficiently dry to walk upon, the work of placing the lining on the walls of the tank, was proceeded with. The forms for this were of special design, being about 30 inches high and a complete circle of the same were coupled up, behind which was placed the mixture of concrete. The concrete as before was very rich in mortar and contained a percentage of hydrated lime, being designed to be as impervious to the action of water as possible. This work was carried out in a very successful manner, and in most places, on removing the forms a good, clean, close-grained surface was shown. The bond between the interior lining and that part of the old wall left in place seems to be first class, every precaution being taken as this part of the work progressed. A section of the wall near the surface was removed to test this bond, and the joint appeared practically sealed. The lower T rails and landing piers were entirely removed during the course of construction, the same being replaced at proper intervals and in line with the upper guide rails so that the joint at the base of the guide column was entirely improved upon.

Upon the completion of the concrete work, the tank was made as dry as possible and let stand for a few days before being filled with water. About Oct. 6th, the tank was filled up and the work of lowering the suspended shells carried out successfully. The air blast was again turned on and the steel holder raised so that the garb hooks might be released. Everything appeared to be going along smoothly until the wheels which work in the guide supports reached the first cross section of the lattice girder, when the whole tank began to bind, and a couple of rollers jammed against the T rails. The holder was then lowered a little and adjustments made at the necessary columns, and the second time the tank was elevated clean to the top. At this juncture some of the rollers appeared to be a little tight but we figure that after the holder has been brought into play a little, these defects will straighten themselves out satisfactorily and the tank as a whole, strike its proper bearing.

On Tuesday Oct. 12th, gas was admitted and the new holder placed in regular commission. The first test for leakage was made on Friday, Oct. 15th, from 9 a.m. of that day until 9 a.m. of Saturday, Oct. 16th, which showed the water dropped 1-8 inches or 236 gallons in 24 hours, or less than 10 gallons per hour, which is considerably inside the guarantee, the contractors being allowed a margin of 15 gallons per hour. Since then, it has not been neces-

sary to add any additional water in order to maintain the seal. The iron work as a whole stood the strain placed upon it, in good shape and at the present time, to all appearances, has worked very efficiently.

Payments on account of the contract with Messrs. Merrill and Allen have been made as follows:—August 12th, $350; September 12th, $350; Oct. 12th, $350; leaving a balance of $3,250 yet due the contractors; which will be paid in three equal installments at the end of six, nine and twelve months after July 12th, 1909, on satisfaction still being given of the contract as to leakage etc.

Up to the time of writing there has been only one complaint in the neighborhood as regards leakage of gas and water, which in all probability can be remedied at moderate expense. The coming winter will afford a good opportunity of testing the general efficiency of the tank as a whole.

In the opinion of the undersigned, all work in connection with the reconstruction of the tank has been performed to the best of the ability of Messrs. Merrill and Allen, and they are to be commended for their efforts in so far having carried out to a successful issue, their contract with the City.

Yours very truly,

(signed) H. B. R. Craig, *City Engineer.*

MEMORANDUM OF AGREEMENT made this 29th day of November A. D. 1909.

BETWEEN

THE KINGSTON PORTSMOUTH AND CATARAQUI ELECTRIC RAILWAY COMPANY; hereinafter called the "Company"

of the first part

and

THE CORPORATION OF THE CITY OF KINGSTON, hereinafter called the "Corporation"

of the second part;

WITNESSETH:

WHEREAS, the said Company and Corporation did by agreement dated 5th July, 1905, contract and agree as therein provided, and amongst other things the Corporation did contract with the Company for the supply of power to operate the Company's road for a period of one or four years at the option of the Company.

AND WHEREAS the Company did elect under said agreement that the Corporations should supply power to operate its road for the period of four years and the said term expired on 23rd November instant.

AND WHEREAS the said parties have agreed for the supply of power by the Corporation to the Company upon the terms and for the period thereinafter set out.

NOW THEREFORE THIS AGREEMENT WITNESSETH that the said parties hereto covenant, promise and agree each with the other of them as follows:

1. The Corporation shall provide space for the engines and generators of the Company and permit their installation upon the property of the Corporation as heretofore during the currence of the said in part recited agreement for the purpose of operating the Company's railway, and for purposes incidental thereto as hereinafter set out.

2. The Corporation shall for the period or periods hereinafter mentioned, supply from the Corporation's plant the necessary steam, oil, grease, waste and attendance on the Corporation's power premises, at the rate of 1.20 cents per kilo-watt hour measured at the switch board, for the generation of current for the following purposes, namely:

(a) for the operation of the Company's Street Railway and for lighting the Company's cars while running but not for heating the same.

(b) for furnishing from 1st May to 1st September in each year, incandescent lights not to exceed in number 150; no lamp to exceed 16 C. P., provided that 30 of the above lamps may be used during the entire year in the car barns of the Company during the whole period of this agreement.

(c) for the operation of the merry-go-round and pump at Lake Ontario Park.

(d) for the operation of the motor in the Company's machine shop—such motor not to exceed 5½ H. P. and to be used for the purposes of the Company only.

3. The Company shall pay for the power supplied under this agreement, monthly at the above rates, upon the presentation of the accounts by the Corporation and in the event of an account remain-

ing unpaid for fifteen days after presentation, the Corporation may discontinue the supply of power to the Company under this agreement.

4. The Company shall make at its own cost and charge, all necessary repairs to the Company's engines and generators so installed and permitted to be installed upon the power premises of the Corporation for the purposes of this agreement.

5. This agreement shall extend for a period of five years from 23rd November 1909 but subject as hereinafter provided:

(a) the Company shall have the right to terminate this agreement at the end of the first, second or third year of said term of five years on giving six months' previous notice in writing, to the Corporation.

(b) in case the Company shall not during the first three years of the said term of five years, exercise the right to terminate this agreement as above reserved, then the Company shall thereafter, during the two remaining years of said term take Power for their Railway as hereinbefore provided, and shall not have the right during such two remaining years to terminate this agreement.

(c) In case in the opinion of the Chief Engineer of the Corporation's plant, after the expiration of said three years of said term, the boilers of the blant are inadequate to supply the customers of the plant including the Street Railway Company, and the Corporation shall install any new boiler or boilers in addition to or in substitution for any existing boiler or boilers, the Company shall thereafter during the remainder of the said term of five years, pay to the Corporation, in addition to all other moneys payable under this agreement, at the rate of $250 per annum in respect of depreciation of said new boiler or boilers and interest upon the cost of the same.

6. The Company shall have the right at the expiration of this agreement, but at its own cost and charge, to remove its engines and generators from the power premises of the Corporation, making good any damage or injury occasioned to the premises of the Corporation by such removal.

7. The Corporation shall not be liable to the Company for any loss or damage to the Company arising from any breach of this agreement by the Corporation, to furnish current as therein provided, where such breach arises from injury or destruction of the Corporation's plant by fire, lightning or tempest or from strikes or labor troubles or from the failure to operate the plant by reason of accidental break down or from any other cause or causes beyond the control of the Corporation or its employees.

8. The Company shall furnish free transportation upon its cars to the two linemen of the Corporation, when engaged on duty in trimming and inspecting the street lamps of the Corporation.

9. The provisions of the 10th Section of the said agreement between the Corporation and the Company, dated 5th July, 1905, and the proviso thereto, shall in all respects continue to be applicable in construing and determining the rights and obligations of the parties hereto under this agreement, in the event of the discontinuance of the operation of the Company's railway during the said term of five years or thereafter.

IN WITNESS WHEREOF the said parties have affixed their several corporate seals, and the Mayor of the Corporation and the President of the Company have hereto set their hands respectively the day and year first above written.

Signed, Sealed and Delivered
in presence of

Board of Works.

Ald. Graham presented report No. 106 from the Board of Works as follows:

Kingston, Dec. 16th, 1909.

To the Mayor and Council of the City of Kingston.

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

1. That as your Committee will have at the end of the current year, a surplus of $1446.00 approximately, and as there are certain

vacant lands lying within the limits of the prolongation of certain streets in the City (as contained in the attached list), which will require to be extended at sometime in the near future, and in order to prevent the erection of buildings on the said lands, your Committee would accordingly recommend that the said lands be acquired by the City from the surplus above referred to, and that the options secured for the said lands be taken up. Your Committee would also recommend that the City-Solicitor be instructed to prepare the necessary deeds and agreements.

The Street extensions referred to are as follows.

Name of Street.	Cost of lands required.
Brock St., from Victoria to Toronto St.	$ 495 00
Mack St., from Nelson to Victoria St.	475 00
Patrick St., from Stephen St. Southerly 141 feet	100 00
Street with no name from Collingwood St., Easterly to connect with the present street	200 00
Total	$ 1,270 00

2. On the communication of the Secretary of the Board of Railway Commissioners regarding the question of grade separation or protection of the crossing of the G. T. Railway and K. & P. Railway at Ontario Street, and on the report of the sub-committee appointed by the Board of Works to consider the matter (herewith presented) that the said report be adopted and that the City Solicitor and City Engineer be authorized to appear before the Board of Railway Commissioners on the 4th January, 1910, to protect the City's interests in the matter.

3. On the petition of Joseph Carrington et al, for the opening up of River Street from Orchard Street easterly to the Water's edge, that it be granted.

Respectfully submitted,

Water Works.

Ald. Craig presented report No. 107 from the Committee on Water Works as follows:

December 17th.,1909.

To the Mayor and Council of the City of Kingston.

Gentlemen,—The Committee on Water Works begs leave to report and recommend as follows:—

1. That the tender of Lamb and Campbell for the supply of Wharf timber at ten cents per lineal foot, be accepted, being the lowest.

2. That the report furnished by the City Engineer and Superintendent of Water Works, asked for in Clause 1, Report No. 36, April 26th, 1909, be left over and submitted as early as possible next year.

3. That your Committee further reports on the work done by the Department during the year, viz;—

The following water mains were laid:—

Albert St., 60 feet of 4 inch main.
Patrick St., 60 feet of 4 inch main.
Cherry St., 210 feet of 4 inch main.
Aberdeen St., 144 feet of 6 inch main.
Frontenac St. 45 feet of 6 inch main.
Durham St., 900 feet of 6 and 4 inch main.
Alwington Ave., 513 feet, of 2inch main. Total 1,932 feet, making the total length of mains now 31.73 miles.

2 new hydrants were installed making a total now of 244 hydrants, and 4 old hydrants were replaced with new ones. 126 new services were laid, making the total number of services now 3,732.

A new concrete coal bin has been erected in place of the old partly burned timber structure, thus doing away with the risk of fire to the building and the need of fire insurance thereon. The burned timbers were taken out from under the floor and steel rails and concrete put in their place. The end of the wharf that was washed out has been made good with concrete.

The Water Tank has been cleaned and painted inside and out.

Respectfully submitted,
(Signed) W. G. CRAIG, *Chairman,*

WM. R. CLUGSTON,

Moved by Ald. Craig, seconded by Ald. Hoag (5) that the report of the Committee on Water Works be received and adopted. —Carried.

City Property and Markets.

Ald. Angrove presented report No. 108 from the Committee on City Property and Markets as follows:—

December 15th, 1909.

To the Mayor and Council of the City of Kingston.

Gentlemen,—The Committee on City Property and Markets beg leave to report and recommend as follows:

1. That the request of the Kingston Poultry, Pigeon, and Pet Stock Association for the use of the Ontario Hall for the annual winter show to be held January 11th, 12th, and 13th, 1910, be granted, under the usual conditions of rental by the Corporation.

Respectfully submitted,

(Signed) H. ANGROVE, Chairman.
WM. R. CLUGSTON,
C. J. GRAHAM,
JOHN TWEDDELL,

Moved by Ald Angrove, seconded by Ald. Tweddell (6) that the report of the Committee on City Property and Markets be received and adopted.—Carried.

Industries.

Ald. McCann presented report No. 109 from the Committee on Industries as follows:—

Kingston, December 20th, 1909.

To the Mayor and Council of the City of Kingston.

Gentlemen,—The Committee of Industries beg leave to report and recommend as follows:—

Of the several communications considered during the year, which were followed up by correspondence, that of W. H. Parker re the establishing of a China and Pottery works is worthy of further consideration. They would employ a large number of hands, mostly skilled labor. There is a prospect of having Mr. Parker, who is a practical member of the concern, come here next month and go into the matter fully.

A joint meeting of the City Council and Board of Trade was held during the year at which it was resolved that in order to secure industries for the City it was necessary to get into closer touch with industries open for location here and that this Council and the Board co-operate in the expenses of interviewing manufacturers in communication with each body.

It was also recommended at the said meeting that a substantial appropriation be made by this Council in its next budget for the

purpose of enabling vigorous measures to be taken in securing new industries for the City by personal canvass and in other ways as may be deemed expedient to both bodies acting in co-operation, both of which schemes we strongly endorse.

WELLAND CANAL.

There were two meetings at Toronto and one at Ottawa in connection with the enlarging of the Welland Canal at which this Council was represented and we are pleased to report that there is a strong probability of this work being accomplished in the near future, which will be a decided benefit to the City.

BUILDING

There has been an unusual amount of building done here this year, which with enhanced value of real estate has increased our assessment by $325,000, the largest increase in many years.

GENERAL.

The leasing of the Government Dry Dock by a ship building firm, composed largely of several of our enterprising citizens, marks the era of a new industry in our midst, which will not only give employment to a large number but attract numerous large vessels here thus giving trade to our merchants.

A new Company known as the Forwarders Limited, has recently purchased the Mooers' Elevator, which has been silent for years, they have also acquired a fleet of steamers and barges and will be ready for next season's grain trade.

The Bank of Toronto has opened a branch here during the year.

Negotiations are now on between the Railway Committee of the Board of Trade and the Canadian Northern Railway Company with a view to that Company coming to Kingston, and from present indications, matters look promising. The Board is to be commended for their efforts in this connecton, and should receive the support of this Council in forming this important link in our railway facilities.

The Canadian Lead Mining and Smelting Company have raised the necessary capital and are negotiating for the purchase of a site to erect a smelter here.

The Corporation should purchase the marsh adjoining their water front lots in order that ample space may be available for other industries locating here.

We recommend that the Grand Trunk Railway Company during the coming year be strongly urged to provide better passenger service.

Respectfully submitted,

(Signed) J. S. R. McCANN, *Chairman*,
R. F. ELLIOTT,

Moved by Ald. McCann, seconded by Ald. Elliott (7) that the report of the Committee on Industries be received and adopted. —Carried.
